Volume 48 · Subject index

A

Acute leukaemia, QBEND10 for the diagnosis of myelodysplastic syndromes in routinely processed bone marrow biopsy specimens, **291**: *correspondence*, **884**

Acute myeloblastic leukaemia, Light scatter characteristics of blast cells in acute myeloid leukaemia: association with morphology and immunophenotype, **456**

Adenocarcinoma
- c-erbB-2 overexpression in the dysplasia/carcinoma sequence of Barrett's oesophagus, **129**
- Clear cell adenocarcinoma of the colon, **1142**
- Dieulafoy's disease associated with early gastric cancer, **267**
- Gastric polyposis caused by multiple carcinoids and early carcinoma, **589**
- OV 632 and MOC 31 in the diagnosis of mesothelioma and adenocarcinoma: an assessment of their use in formalin fixed and paraffin wax embedded material, **626**

Adenoma, Relation between stage, grade, proliferation, and expression of p53 and CD44 in adenomas and carcinomas of colorectum, **1098**

Adenomyomatosis, Papillary mucinous adenoma arising in adenomyomatous hyperplasia of the gall bladder, **965**

Adenomyomatous hyperplasia, Papillary mucinous adenoma arising in adenomyomatous hyperplasia of the gall bladder, **965**

Adenovirus, Fatal adenovirus 32 infection in a bone marrow transplant recipient, **779**

Adhesion molecules, Soluble forms of the adhesion molecule E-cadherin in urine, **179**

Adipose tissue, Immunohistochemical identification of tumours of adipocytic differentiation using an antibody to aP2 protein, **950**

***Aeromonas* sp**, Taxonomical and epidemiological investigations of *Aeromonas* sp: *correspondence*, **92**

Agar based media, Comparison of agar based media for primary isolation of *Helicobacter pylori*, **714**

Age, The age related amyloids: a growing family of unique biochemical substances, **984**

Aggressive angiomyxoma, Angiomyxoid tumour in the renal peripelvic tissues with features of aggressive angiomyxoma, **82**

AIDS
- Acute hepatic and renal failure caused by *Pneumocystis carinii* in patients with AIDS, **975**
- Lesser known mycobacteria: *leader*, **701**

Algorithm, Microbiological investigation of polyarthralgia, **777**

Allograft, Epidermal differentiation and dermal changes in healing following treatment of surgical wounds with sheets of cultured allogeneic keratinocytes, **1087**

Alpha-fetoprotein, Elevated serum alpha-fetoprotein in a patient with undifferentiated carcinoma of the gall bladder, **1061**

Amniocentesis, Concentration of fetal plasma and amniotic fluid interleukin-1 in pregnancies complicated by preterm prelabour amniorrhexis, **368**

Amplityping, IS6110 based amplityping assay and RFLP fingerprinting of clinical isolates of *Mycobacterium tuberculosis*, **924**

Amyloid tumour, Amyloid tumour of the colon, **592**

Amyloids, The age related amyloids: a growing family of unique biochemical substances, **984**

Androgens, Differences in androgens of HIV positive patients with and without Kaposi sarcoma, **513**

Angiodysplasia, An unusual case of colonic angiodysplasia, **272**

Angiomyxoma, Angiomyxoid tumour in the renal peripelvic tissues with features of aggressive angiomyxoma, **82**

Anogenital cancers, p53 in human papillomavirus associated anogenital cancers: *correspondence*, **393**

Antibody(ies)
- Antibodies to human papillomavirus type 16 E7 related to clinicopathological data in patients with cervical carcinoma, **410**
- Leukaemia immunophenotyping: effect of antibody source and fluorochrome on antigen detection: *correspondence*, **186**
- Spectrotypic analysis of antibodies to *Helicobacter pylori* in patients with antral gastritis and duodenal ulcer, **1117**
- Use of dried blood spots for the detection and confirmation of HTLV-1 specific antibodies for epidemiological purposes, **904**

Anticoagulants
- Evaluation of anticoagulant control in a pharmacist operated anticoagulant clinic, **545**
- Introduction of computer assisted control of oral anticoagulation in general practice, **1144**

Anticomplementary activity, Anticomplementary activity in serum samples from patients with acute parvovirus B19 infection, **493**

Antigen
- Detection of *Chlamydia trachomatis* antigen by enzyme immunoassay: importance of confirmatory testing, **214**
- Latex agglutination for rapid detection of *Pseudomonas pseudomallei* antigen in urine of patients with melioidosis, **174**

Antigen expression, Distribution of OV-TL 3 and MOv18 in normal and malignant ovarian tissue, **631**

Antigen test, Use of the Pastorex aspergillus antigen latex agglutination test for the diagnosis of invasive aspergillosis, **210**

Antigenaemia, Antigenaemia during acute graft versus host disease, **105**

Antigliadin antibodies, Antigliadin antibody measurement by chemiluminescence ELISA in the diagnosis of coeliac disease, **509**

Antimicrobial susceptibility, Quality assessment of Microbe Base antimicrobial susceptibility data, **1122**

Antineutrophil cytoplasmic antibodies
- Effect of proctocolectomy on serum antineutrophil cytoplasmic antibodies in patients with chronic ulcerative colitis, **645**
- Formalin fixation and patterns of antineutrophil cytoplasmic antibodies, **89**

Antiserum, Detection of Ki67 antigen by a new sheep polyclonal antiserum, **1138**

Antral gastritis, Spectrotypic analysis of antibodies to *Helicobacter pylori* in patients with antral gastritis and duodenal ulcer, **1117**

Antral mucosa, Early ultrastructural changes of antral mucosa with aspirin in the absence of *Helicobacter pylori*, **994**

ap2 protein, Immunohistochemical identification of tumours of adipocytic differentiation using an antibody to aP2 protein, **950**

API 20C, Evaluation of the AUXACOLOR system, a new method of clinical yeast identification, **807**

API-Campy System, Evaluation of the API-Campy System in the biochemical identification of hippurate negative campylobacter strains isolated from faeces, **683**

Apocrine metaplasia, Apocrine adenosis: a precursor of aggressive breast cancer?, **737**

Apolipoprotein E, Rapid and safe determination of human apolipoprotein E genotypes by miniaturised SDS-PAGE in non-insulin dependent diabetes mellitus, **295**

Apolipoproteins, Limited discriminant value of lipoprotein AI, lipoprotein Lp(a) and other lipoprotein particles in patients with and without early onset ischaemic heart disease, **70**

Apoptosis
- Apoptosis in the nervous system: new revelations: *leader*, **7**
- Apoptotic and mitotic indices in malignant melanoma and basal cell carcinoma, **242**
- Effect of interleukins on the proliferation and survival of B cell chronic lymphocytic leukaemia cells, **482**
- In situ end-labelling, light microscopic assessment and ultrastructure of apoptosis in lung carcinoma, **1017**
- Role of transforming growth factor beta1 on hepatic regeneration and apoptosis in liver diseases, **1093**

Appendix, Combined goblet cell carcinoid and mucinous cystadenoma of the appendix, **869**

Arthritis, Acute gonococcal arthritis: an unusual host and pathogen combination, **86**

Arthropathy, Anticomplementary activity in serum samples from patients with acute parvovirus B19 infection, **493**

Arthroscopy, Histological changes associated with an artificial anterior cruciate ligament, **556**

Artificial RFLP PCR, HLA typing for DR3 and DR4 using artifical restriction fragment length polymorphism PCR from archival DNA, **33**

Aspergillosis, Clinical evaluation and reproducibility of the Pastorex *Aspergillus* antigen latex agglutination test for diagnosing invasive aspergillosis, **474**

Aspergillus
"Pseudoclusters" and typing by random amplification of polymorphic DNA of *Aspergillus fumigatus*, **183**
Use of the Pastorex aspergillus antigen latex agglutination test for the diagnosis of invasive aspergillosis, **210**

Aspirin, Early ultrastructural changes of antral mucosa with aspirin in the absence of *Helicobacter pylori*, **994**

Atypical ductal hyperplasia, Atypical ductal hyperplasia of the breast: clonal proliferation with loss of heterozygosity on chromosomes 16q and 17p, **611**

Audit
Audit of an emergency biochemistry service, **1126**
Audit of tumour histopathology reviewed by a regional oncology centre, **245**
Audit of tumour pathology reviewed by a regional oncology centre: *correspondence*, **690**
Blood bank audit: *leader*, **283**
Can histopathologists diagnose bronchopneumonia?, **120**
Internal audit in a microbiology laboratory, **560**
Laboratory turnround time: closing the loop, **372**
Multifactorial audit of invasive cervical cancer: key lessons for the National Screening Programme, **405**: *correspondence*, **785**
Perinatal and infant postmortem examinations: how well are we doing?, **998**
Prospective audit of mucosal biopsy specimens of the gastrointestinal tract, **936**
Review of a consultant microbiologist's work practice – an audit: *leader*, **1082**

Autoantibodies, Detection of autoantibodies to neutrophil cytoplasmic antigens: *correspondence*, **785**

Autoimmune haemolytic anaemia, Investigation of patients with autoimmune haemolytic anaemia and provision of blood for transfusion, **602**

Automated blood count, Screening criterial for thalassaemia trait in pregnant women, **1054**

Autopsy, Public perceptions of necropsy: *leader*, **497**

AUXACOLOR, Evaluation of the AUXACOLOR system, a new method of clinical yeast identification, **807**

Avidity, Avidity of specific IgG antibodies elicited by immunisation againsts *Haemophilus influenzae* type b, **206**

B

B cell leukaemia, Effect of interleukins on the proliferation and survival of B cell chronic lymphocytic leukaemia cells, **482**

B cell lymphoma
Clinicopathologic implications of Epstein–Barr virus related B cell lymphoma in immunocompromised patients: *leader*, **287**
Immunohistochemical analysis of T cell proliferation in normal tonsil and B cell lymphoma, **873**

B cell phenotype, Immunophenotypic analysis of childhood Burkitt's lymphoma in the West Midlands 1957–1986, **22**

BacT/Alert
Detection of bacteraemia by the continuously monitoring BacT/Alert system, **912**
Growth and detection of filamentous fungi in the BacT/Alert blood culture system, **670**

Bacteraemia
Bacteraemia caused by *Campylobacter* spp: *correspondence*, **596**
Detection of bacteraemia by the continuously monitoring BacT/Alert system, **912**

Bacteria, Simple method for quantifying viable bacterial numbers in sputum, **719**

Barrett's oesophagus, c-erbB-2 overexpression in the dysplasia/carcinoma sequence of Barrett's oesophagus, **129**

Basal cell carcinoma, Apoptotic and mitotic indices in malignant melanoma and basal cell carcinoma, **242**

bcl-2 protein expression
Expression of the bcl-2 protein in B cell lymphomas arising from mucosa associated lymphoid tissue, **18**
Immunohistochemical detection of p53 and Bcl-2 proteins in Hashimoto's thyroiditis and primary thyroid lymphomas, **239**
p53, Rb and bcl-2 expression during the cell cycle: a study in phytohaemagglutinin stimulated lymphocytes and microwave irradiated lymphoid tissue sections, **151**

Biochemical variables, Variation in serum electrolytes and enzyme concentrations in patients with sickle cell disease, **648**

Biopsy
Distribution of cervical intraepithelial neoplasia: are hysterectomy specimens sampled appropriately?, **323**
Prospective audit of mucosal biopsy specimens of the gastrointestinal tract, **936**
Sampling variability of percutaneous liver biopsy in primary sclerosing cholangitis, **933**

Bladder cancer
Pseudoangiosarcomatous carcinoma of the genitourinary tract, **1059**
Soluble forms of the adhesion molecule E-cadherin in urine, **179**

Blood
A new, fast and convenient method for layering blood or bone marrow over density gradient medium, **686**
Rate of growth of *Pseudomonas fluorescens* in donated blood, **717**

Blood bank, Blood bank audit: *leader*, **283**

Blood culture
Do blood cultures need continuous monitoring so that clinical activity can be taken outside normal working hours?, **1067**
Documentation of blood culture results, **667**
Growth and detection of filamentous fungi in the BacT/Alert blood culture system, **670**

Blood donors, Management of blood donors whose donations are repeatedly falsely positive by the HIV antibody screening test, **865**

Blood rheology, Relationship of blood rheology to lipoprotein profile during normal pregnancies and those with intrauterine growth retardation, **571**

Blood for transfusion, Investigation of patients with autoimmune haemolytic anaemia and provision of blood for transfusion, **602**

Bone marrow
A new, fast and convenient method for layering blood or bone marrow over density gradient medium, **686**
Non-neoplastic glandular structures in bone marrow: a technical artefact, **1141**
QBEND10 for the diagnosis of myelodysplastic syndromes in routinely processed bone marrow biopsy specimens, **291**: *correspondence*, **884**

Bone marrow biopsy, Detection of mycobacteria in bone marrow biopsy specimens taken to investigate pyrexia of unknown origin, **706**

Bone marrow granulomas, Granulomatous bone marrow inflammation during treatment of chronic myeloid leukaemia with interferon alpha-2b, **878**

Bone marrow studies, Recurrent thrombotic occlusions of arteries and veins caused by intravascular metastatic adenocarcinoma: *correspondence*, **186**

Bone marrow transplantation
Fatal adenovirus 32 infection in a bone marrow transplant recipient, **779**
Functional hyposplenism following allogeneic bone marrow transplantation, **257**
Immunohistochemical changes in sigmoid colon after allogeneic and autologous bone marrow transplantation, **308**

Bone marrow trephine biopsy
B cell signet-ring cell lymphoma of bone marrow, **275**
Immunohistochemical staining of plastic embedded bone marrow trephine biopsy specimens after microwave heating, **840**
Immunohistochemistry in apparently normal bone marrow trephine specimens from patients with nodal follicular lymphoma, **1035**

Book reviews
Beeching NJ, Cheesbrough JS. Infectious diseases. Illustrated case histories, **281**
Dail DH, Hammar SP, *editors*. Pulmonary pathology, 2nd edn, **281**
Ehrmann RL. Benign to malignant progression in cervical squamous epithelium, **691**
Epler GR, *editor*. Diseases of the bronchioles, **884**
Essex M, Mboup S, Kanki PJ, Kalengayi MR, *editors*. AIDS in Africa, **281**
Gompel C, Silverberg SG, *editors*. Pathology in gynecology and obstetrics, 4th edn, **94**
Heller DS. The endometrium. A clinicopathologic approach, **787**
Joshi VV. Common problems in pediatric pathology, **691**
Kaplan CG. Color atlas of gross placental pathology, **691**
Lack EE. Pathology of adrenal and extra-adrenal paraganglia. Vol 29 in series Major problems in pathology, **281**
Leevy CM, Sherlock S, Tygstrum N, Zetterman R, *editors*. Diseases of the liver and biliary tract: standardization of nomenclature, diagnostic criteria, and prognosis, **393**

Marchevsky AM, Bartels PH, *editors*. Image analysis: a primer for pathologists, **691**
Mason JK, *editor*. The pathology of trauma, 2nd edn, **93**
Nonnenmacher TF, Losa GA, Weibel ER, *editors*. Fractals in biology and medicine, **93**
Pneumocystis carinii pneumonia. 2nd edn. Lung biology in health and disease, **92**
Saldana MJ, *editor*. Pathology of pulmonary disease, **93**
Scheuer PJ, Lefkowitch JH. Liver biopsy interpretation, 5th edn. Vol 31 in series Major problems in pathology, **788**
Sekiguchi S, *editor*. Clinical application of leukocyte depletion, **94**
Taylor CR, Cote RJ. Immunomicroscopy: a diagnostic tool for the surgical pathologist. Vol 19 in series Major problems in pathology, **281**
Thatcher N, Spiro S, *editors*. New perspectives in lung cancer, **93**
Woodruff JD, Angtuaco TL, Parmley TH. Atlas of gynecologic pathology, 2nd edn, **690**
Working party on human tissue chaired by Professor Dame Rosalinde Hurley. Human tissue: ethical and legal issues, **1074**
World Health Organisation. IARC Monographs on the evaluation of carcinogenic risks to humans, vol 59, hepatitis viruses, **691**

Borderline abnormalities, Pathologist variation in reporting cervical borderline epithelial abnormalities and cervical intraepithelial neoplasia, **59**

Breast cancer (carcinoma)
A "quickscore" method for immunohistochemical semiquantitation: validation for oestrogen receptor in breast carcinomas, **876**
Apocrine adenosis: a precursor of aggressive breast cancer?, **737**
Atypical ductal hyperplasia of the breast: clonal proliferation with loss of heterozygosity on chromosomes 16q and 17p, **611**
Immunohistochemical quantitation of oestrogen receptors and proliferative activity in oestrogen receptor positive breast cancer, **429**
Immunohistochemical study of topoisomerase II-alpha expression in primary ductal carcinoma of the breast, **147**
Loss of heterozygosity on chromosome 11q in breast cancer, **424**
Malignant myoepithelioma (myoepithelial carcinoma) of the breast: a detailed cytokeratin study, **164**
Metastatic breast carcinoma with appearance resembling micropapillary ductal carcinoma in situ, **380**
Prognostic factors in primary breast carcinoma: *leader*, **981**
Specimen slice radiography of cancer in breast conserving excisions, **1028**
Spectrum of carcinoembryonic antigen immunoreactivity from isolated ductal hyperplasias to atypical hyperplasias associated with infiltrating ductal breast cancer, **53**

Breast disease
Cytokeratin intermediate filament expression in benign and malignant breast disease, **26**
Paget's disease of the breast: *correspondence*, **393**

Breast-ovarian cancer, Molecular genetics of familial breast-ovarian cancer: *leader*, **789**

Breath isoprene, Origins of breath isoprene: *correspondence*, **979**

Breath tests, Volatile organic compounds in the breath of patients with schizophrenia, **466**

Brenner tumour, Brenner tumour of the vagina, **678**

Bronchial carcinoma
Orthostatic hypotension and vasodilatory peptides in bronchial carcinoma, **1102**
Osteolytic bone lesions in a patient with idiopathic myelofibrosis and bronchial carcinoma, **867**

Bronchopneumonia, Can histopathologists diagnose bronchopneumonia?, **120**

Burkholderia cepacia, Selective media for isolation of *Burkholderia (Pseudomonas) cepacia* from the respiratory secretions of patients with cystic fibrosis, **488**

Burkitt's lymphoma, Immunophenotypic analysis of childhood Burkitt's lymphoma in the West Midlands 1957–1986, **22**

C

c-erbB-2, c-erbB-2 overexpression in the dysplasia/carcinoma sequence of Barrett's oesophagus, **129**

C-polysaccharide, Detection of C-polysaccharide in serum of patients with *Streptococcus pneumoniae* bacteraemia, **803**

CagA
Helicobacter pylori induced interleukin-8 expression in gastric epithelial cells is associated with CagA positive phenotype, **41**
Induction of interleukin-8 secretion from gastric epithelial cells by a *cagA* negative isogenic mutant of *Helicobacter pylori*, **967**

Calcium binding, Hypercalcaemia due to calcium binding IgM paraprotein in Waldenström's macroglobulinaemia, **961**

Campylobacter spp
Bacteraemia caused by *Campylobacter* spp: *correspondence*, **596**
Evaluation of the API-Campy System in the biochemical identification of hippurate negative campylobacter strains isolated from faeces, **683**

Cancer, Steroid hormone receptors and their clinical significance in cancer: *leader*, **890**

Carcinoembryonic antigen, Spectrum of carcinoembryonic antigen immunoreactivity from isolated ductal hyperplasias to atypical hyperplasias associated with infiltrating ductal breast cancer, **53**

Carcinoid, Gastric polyposis caused by multiple carcinoids and early carcinoma, **589**

Carcinoma in situ, Specimen slice radiography of cancer in breast conserving excisions, **1028**

Cardiac myxoma, S100, alpha-smooth muscle actin and cytokeratin 19 immunohistochemistry in odontogenic and soft tissue myxomas, **759**

CD antigen, Activated phenotype in neutrophils and monocytes from patients with primary proliferative polycythaemia, **525**

CD3 negative large granular lymphocytes, Longstanding proliferation of CD3 negative large granular lymphocytes preceding the development of high grade non-Hodgkin's lymphoma, **672**

CD4, Lymphocyte subset counts in skin puncture and venous blood compared, **1137**

CD8, Lymphocyte subset counts in skin puncture and venous blood compared, **1137**

CD19, CD19 and immunophenotype of bone marrow plasma cells in monoclonal gammopathy of undetermined significance, **548**

CD31, Immunostaining for CD31 and CD34 in Kaposi sarcoma, **1011**

CD34
Immunostaining for CD31 and CD34 in Kaposi sarcoma, **1011**
QBEND10 for the diagnosis of myelodysplastic syndromes in routinely processed bone marrow biopsy specimens, **291**: *correspondence*, **884**

CD44, Relation between stage, grade, proliferation, and expression of p53 and CD44 in adenomas and carcinomas of colorectum, **1098**

Cell death, Apoptosis in the nervous system: new revelations: *leader*, **7**

Cell proliferation, Detection of Ki67 antigen by a new sheep polyclonal antiserum, **1138**

Cellular immediate-early gene response, Apoptosis in the nervous system: new revelations: *leader*, **7**

Central retinal vein thrombosis, Acquired protein S deficiency in a patient with systemic lupus erythematosus causing central retinal vein thrombosis, **387**

Central venous catheter, *Corynebacterium aquaticum* septicaemia in a neutropenic patient, **971**

Ceroid granuloma, Ceroid granulomas in the female genital system, **1057**

Cervical biopsy, Diagnosis of genital infection caused by human papillomavirus using in situ hybridisation: the importance of the size of the biopsy specimen, **57**

Cervical cancer
Antibodies to human papillomavirus type 16 E7 related to clinicopathological data in patients with cervical carcinoma, **410**
Comparative analysis of human papillomavirus detection by PCR and non-isotopic in situ hybridisation, **415**
Human papillomavirus in false negative archival cervical smears: implications for screening for cervical cancer, **728**

Cervical cytology, Cervical cytology external and internal quality assurance: a comparative appraisal: *leader*, **95**

Cervical intraepithelial neoplasia
Distribution of cervical intraepithelial neoplasia: are hysterectomy specimens sampled appropriately?, **323**
Pathologist variation in reporting cervical borderline epithelial abnormalities and cervical intraepithelial neoplasia, **59**

Cervical neoplasia, Human papillomaviruses and cervical neoplasia. II. Interaction of HPV with other factors: *leader*, **1**
Cervical screening
Composition of cervical smears in patients with and without a cervical ectropion, **408**
Multifactorial audit of invasive cervical cancer: key lessons for the National Screening Programme, **405**: *correspondence*, **785**
Role of re-screening of cervical smears in internal quality control, **1002**
Cervix
Ceroid granulomas in the female genital system, **1057**
Detection of integrated human papillomavirus 16 DNA in squamous cell carcinoma of the cervix: *correspondence*, **393**
Chemiluminescence, Antigliadin antibody measurement by chemiluminescence ELISA in the diagnosis of coeliac disease, **509**
Chemotherapy, Lack of correlation of P-glycoprotein expression with response to MIC chemotherapy in oesophageal cancer, **1064**
Childhood lymphoblastic leukaemia, Changes in cytomorphology of childhood lymphoblastic leukaemia at the time of disease relapse, **1051**
Chinese, Seasonal variation in the necropsy incidence of pulmonary thromboembolism in Hong Kong, **578**
Chlamydia trachomatis
Chlamydia trachomatis and ectopic pregnancy: retrospective analysis of salpingectomy specimens, endometrial biopsies, and cervical smears, **815**
Detection of *Chlamydia trachomatis* antigen by enzyme immunoassay: importance of confirmatory testing, **214**
Duplex PCR system for simultaneous detection of *Neisseria gonorrhoeae* and *Chlamydia trachomatis* in clinical specimens, **101**
Value of screening for oro-pharyngeal *Chlamydia trachomatis* infection, **658**
Chondral damage, Histological changes associated with an artificial anterior cruciate ligament, **556**
Chromogranin immunostaining, Chromogranin positive cells in colorectal carcinoma and transitional mucosa, **754**
Chromosomes
Atypical ductal hyperplasia of the breast: clonal proliferation with loss of heterozygosity on chromosomes 16q and 17p, **611**
Loss of heterozygosity on chromosome 11q in breast cancer, **424**
Chronic lymphocytic leukaemia
Effect of interleukins on the proliferation and survival of B cell chronic lymphocytic leukaemia cells, **482**
Renal failure in a patient with chronic lymphocytic leukaemia treated with fludarabine, **181**
Cigarette smoking, Free radical activity in young adult cigarette smokers, **385**
Cirrhosis, Waterhouse-Friderichsen syndrome complicating primary biliary sepsis due to *Pasteurella multocida* in a patient with cirrhosis, **775**
Clear cells, Clear cell adenocarcinoma of the colon, **1142**
Clinical virology, Internal quality assurance in a clinical virology laboratory. I. Internal quality assessment, **168**
Coagulometer, Effect of thromboplastin and coagulometer interaction on the precision of the International Normalised Ratio, **13**
Coeliac disease
Antigliadin antibody measurement by chemiluminescence ELISA in the diagnosis of coeliac disease, **509**
Lymphocytic gastritis and associated small bowel disease: a diffuse lymphocytic gastroenteropathy?, **939**
Pitfalls in diagnosing coeliac disease: *correspondence*, **787**
Colon
Amyloid tumour of the colon, **592**
Clear cell adenocarcinoma of the colon, **1142**
Colonic angiodysplasia, An unusual case of colonic angiodysplasia, **272**
Colonocytes, Thiol methyltransferase activity in colonocytes and erythrocyte membranes, **641**
Colorectal adenoma, Quantification of proliferative activity in colorectal adenomas by mitotic counts: relationship to degree of dysplasia and histological type, **620**
Colorectal biopsy specimens, Histological discrimination of idiopathic inflammatory bowel disease from other types of colitis, **749**
Colorectal cancer (carcinoma)
Amyloid tumour of the colon, **592**
Chromogranin positive cells in colorectal carcinoma and transitional mucosa, **754**
Importance of hepatic artery node involvement in patients with colorectal liver metastases, **270**
Relation between stage, grade, proliferation, and expression of p53 and CD44 in adenomas and carcinomas of colorectum, **1098**
Commercial media, Enteric media: pre-poured or in-house?, **568**
Common variable immunodeficiency, Hodgkin's disease in a patient with common variable immunodeficiency, **871**
Competitive RT-PCR, Quantitation of hepatitis C viral RNA in liver and serum samples using competitive polymerase chain reaction, **820**
Computer assistance, Macroscopic assessment of pulmonary emphysema by image analysis, **318**
Computer assisted guidelines, Managing test demand by clinicians: computer assisted guidelines: *leader*, **98**
Computerised image handling, Computerised image handling in pathology: *leader*, **796**
Conjunctiva, HPV type 16 in conjunctival and junctional papilloma, dysplasia, and squamous cell carcinoma, **1106**
Consultant microbiologist, Review of a consultant microbiologist's work practice – an audit: *leader*, **1082**
Contamination, Rate of growth of *Pseudomonas fluorescens* in donated blood, **717**
Continuous ambulatory peritoneal dialysis, Specific increase in interleukin-8 concentrations in dialysis fluid of patients with peritonitis receiving continuous ambulatory peritoneal dialysis, **115**
Continuous monitoring
Detection of bacteraemia by the continuously monitoring BacT/Alert system, **912**
Do blood cultures need continuous monitoring so that clinical action can be taken outside normal working hours?, **1067**
Core analyses, Laboratory turnround time: closing the loop, **372**
Coronary artery bypass graft, Limited discriminant value of lipoprotein AI, lipoprotein Lp(a) and other lipoprotein particles in patients with and without early onset ischaemic heart disease, **70**
Coronary artery dissection, Sudden death from coronary artery dissection, **781**
Correction, **1074**
Corynebacterium aquaticum, *Corynebacterium aquaticum* septicaemia in a neutropenic patient, **971**
Crohn's disease
E-cadherin expression in intestinal epithelium, **143**
Histological discrimination of idiopathic inflammatory bowel disease from other types of colitis, **749**
Intraepithelial and lamina propria leucocyte subsets in inflammatory bowel disease: an immunohistochemical study of colon and rectal biopsy specimens, **743**
Relation of granulomas to lymphatic vessels in Crohn's disease, **335**
Serological markers to differentiate between ulcerative colitis and Crohn's disease, **346**
Cruciate ligament, Histological changes associated with an artificial anterior cruciate ligament, **556**
Crystal violet, Contamination of crystal violet in the Gram stain method: *correspondence*, **92**
Cult-Dip Plus dip slide, Evaluation of the Cult-Dip Plus dip slide method for urinary tract infection, **710**
Culture media
Commercially available versus home produced egg media for isolation of mycobacteria, **564**
Comparison of agar based media for primary isolation of *Helicobacter pylori*, **714**
Culture negative endocarditis, Immunoblotting in the diagnosis of culture negative endocarditis caused by streptococci and enterococci, **1130**
Cyclophosphamide, Idiopathic granulomatous vasculitis: response to immunosuppressive therapy, **579**
Cyclosporin A, Tissue polypeptide specific antigen for the detection of lymphoproliferative diseases induced by cyclosporin, **1039**
Cyst antigen, Serological reactivity against cyst and tachyzoite antigens of *Toxoplasma gondii* determined by FAST-ELISA, **908**

Cystic fibrosis
Selective media for isolation of *Burkholderia (Pseudomonas) cepacia* from the respiratory secretions of patients with cystic fibrosis, **488**
Serum glutathione S-transferase B1 activity as an index of liver function in cystic fibrosis, **771**
Cytodiagnosis, Cytodiagnosis and the necropsy, **443**
Cytokeratin
Cimentin and cytokeratin expression in nodular hyperplasia and carcinoma of the prostate, **1031**
Cytokeratin intermediate filament expression in benign and malignant breast disease, **26**
Malignant myoepithelioma (myoepithelial carcinoma) of the breast: a detailed cytokeratin study, **164**
Cytokeratin 19, S100, alpha-smooth muscle actin and cytokeratin 19 immunohistochemistry in odontogenic and soft tissue myxomas, **759**
Cytology, The clinical value of urinary cytology: 12 years of experience with 615 patients, **314**
Cytomegalovirus
Detection of cytomegalovirus using PCR in serum from renal transplant recipients, **575**
Histological diagnosis of cytomegalovirus hepatitis in liver allografts, **351**
Cytoskeletal proteins, Cytokeratin intermediate filament expression in benign and malignant breast disease, **26**

D
83D4 cancer, Immunocytological analysis of the Tn associated antigen 83D4 in serous effusions from patients with cancer: comparison with Tn soluble glycoprotein, **433**
Data, Quality assessment of Microbe Base antimicrobial susceptibility data, **1122**
Deferiprone, Changes in transferrin saturation after treatment with the oral iron chelator deferiprone in patients with iron overload, **110**
Delayed type hypersensitivity, Enhanced expression of type 1 procollagen and transforming growth factor-beta in tuberculin induced delayed type hypersensitivity, **339**
Density gradient dispenser, A new, fast and convenient method for layering blood or bone marrow over density gradient medium, **686**
Desmin, Desmin expression in rhabdomyosarcoma: influence of the desmin clone and immunohistochemical method, **535**
Diabetes, HLA typing for DR3 and DR4 using artifical restriction fragment length polymorphism PCR from archival DNA, **33**
Dieulafoy's disease, Dieulafoy's disease associated with early gastric cancer, **267**
Dip slide, Evaluation of the Cult-Dip Plus dip slide method for urinary tract infection, **710**
Diverticular disease, An unusual case of colonic angiodysplasia, **272**
DNA cytometry, Interobserver variation in cell selection for DNA image cytometry, **616**
Documentation, Documentation of blood culture results, **667**
Down syndrome, Transient abnormal myelopoiesis accompanied by hepatic fibrosis in two infants with Down syndrome, **973**
Dried blood spots, Use of dried blood spots for the detection and confirmation of HTLV-1 specific antibodies for epidemiological purposes, **904**
Drug resistance, P-glycoprotein positive, drug resistant invasive lymphoepithelial thymoma: treatment response to chemotherapy with cyclosporin and quinine, **679**
Drug therapy, Introduction of computer assisted control of oral anticoagulation in general practice, **1144**
Dry latex agglutination test, A practical single sample dry latex agglutination test for *Helicobacter pylori* antibody detection, **969**
Ductal hyperplasia, Spectrum of carcinoembryonic antigen immunoreactivity from isolated ductal hyperplasias to atypical hyperplasias associated with infiltrating ductal breast cancer, **53**
Duodenal ulcer, Spectrotypic analysis of antibodies to *Helicobacter pylori* in patients with antral gastritis and duodenal ulcer, **1117**
Duplex PCR, Duplex PCR system for simultaneous detection of *Neisseria gonorrhoeae* and *Chlamydia trachomatis* in clinical specimens, **101**
Dyspepsia, Failure to detect *Helicobacter pylori* in nasal mucus in *H. pylori* positive dyspeptic patients, **1072**
Dysplasia/carcinoma sequence, c-erbB-2 overexpression in the dysplasia/carcinoma sequence of Barrett's oesophagus, **129**

E
E-cadherin
E-cadherin expression in intestinal epithelium, **143**
Soluble forms of the adhesion molecule E-cadherin in urine, **179**
Ectopic pregnancy, *Chlamydia trachomatis* and ectopic pregnancy: retrospective analysis of salpingectomy specimens, endometrial biopsies, and cervical smears, **815**
Ectopic secretion, Orthostatic hypotension and vasodilatory peptides in bronchial carcinoma, **1102**
Editors, Editors on editors: *editorial*, **1075**
Egg media, Commercially available versus home produced egg media for isolation of mycobacteria, **564**
Electron microscopy, Detection and identification of gastrointestinal microsporidia using non-invasive techniques, **725**
Emergency laboratory, Audit of an emergency biochemistry service, **1126**
Endometriosis, Ceroid granulomas in the female genital system, **1057**
Endometrium, Necrobiotic granulomas of the urogenital system: *correspondence*, **185**
Endothelin, Endothelin-1 in idiopathic pulmonary fibrosis, **330**
Endothelin-1, Circulating endothelin-1 concentrations in patients with chronic hypoxia, **519**
Endotoxaemia, Antigenaemia during acute graft versus host disease, **105**
Enhanced chemiluminescence, Enzyme immunoassays for IgG and IgM antibodies to *Toxoplasma gondii* based on enhanced chemiluminescence, **652**
Enteric media, Enteric media: pre-poured or in-house?, **568**
Enterobacteria, Lethal synergy between toxins of staphylococci and enterobacteria: implications for sudden infant death syndrome, **929**
Enterococcus faecium, Neomycin blood agar as a selective medium for vancomycin resistant *Enterococcus faecium*, **1068**
Enzyme immunoassay, Detection of *Chlamydia trachomatis* antigen by enzyme immunoasasay: importance of confirmatory testing, **214**
Enzyme-linked immunosorbent assay
Antigliadin antibody measurement by chemiluminescence ELISA in the diagnosis of coeliac disease, **509**
Diagnosis of *Helicobacter pylori* infection by specific gastric mucosal IgA and IgG pylori antibodies, **990**
Management of blood donors whose donations are repeatedly falsely positive by the HIV antibody screening test, **865**
Epidermal growth factor receptor, Oncogene proteins and proliferation antigens in thymomas: increased expression of epidermal growth factor receptor and Ki67 antigen, **447**
Epithelial cells, Induction of interleukin-8 secretion from gastric epithelial cells by a *cagA* negative isogenic mutant of *Helicobacter pylori*, **967**
Epithelial damage, Improvement of gastric inflammation and resolution of epithelial damage one year after eradication of *Helicobacter pylori*, **250**
Epstein–Barr virus
Association of Epstein–Barr virus with sinonasal angiocentric T cell lymphoma, **946**
Clinicopathologic implications of Epstein–Barr virus related B cell lymphoma in immunocompromised patients: *leader*, **287**
Down-regulation of Epstein–Barr virus nuclear antigen 1 in Reed-Sternberg cells of Hodgkin's disease, **845**
Epstein–Barr virus associated lymphoproliferative disorder with fatal involvement of the gastrointestinal tract in an infant, **390**
Immunohistochemical demonstration of different latent membrane protein-1 epitopes of Epstein–Barr virus in lymphoproliferative diseases, **438**
Lymphoepithelial carcinoma of the salivary gland: in situ detection of Epstein–Barr virus, **1022**
Erythrocyte membranes, Thiol methyltransferase activity in colonocytes and erythrocyte membranes, **641**
Escherichia coli, Evaluation of the Cult-Dip Plus dip slide method for urinary tract infection, **710**

F
FAB typing, Changes in cytomorphology of childhood lymphoblastic leukaemia at the time of disease relapse, **1051**
Faecal specimens, Detection and identification of gastrointestinal microsporidia using non-invasive techniques, **725**

Faeces, Evaluation of the API-Campy System in the biochemical identification of hippurate negative campylobacter strains isolated from faeces, **683**
Familial breast-ovarian cancer, Molecular genetics of familial breast-ovarian cancer: *leader*, **789**
FAST-ELISA, Serological reactivity against cyst and tachyzoite antigens of *Toxoplasma gondii* determined by FAST-ELISA, **908**
Ferritin, Postmortem blood ferritin concentrations in sudden infant death syndrome, **763**
Fetomaternal haemorrhage, Flow cytometry in diagnosis and management of large fetomaternal haemorrhage, **1005**
Filamentous fungi, Growth and detection of filamentous fungi in the BacT/Alert blood culture system, **670**
Fine needle aspiration cytology, Occult papillary microcarcinoma of the thyroid: a potential pitfall of fine needle aspiration cytology? Is it possible to avoid it?, *correspondence*, **185**
Florid granulomatosis, Gold granuloma after accidental implantation, **1070**
Flow cytometry
Flow cytometry in diagnosis and management of large fetomaternal haemorrhage, **1005**
Plasma cell proliferation in monoclonal gammopathies: measurement using BU-1 antibody in flow cytometry and microscopy: comparison with serum thymidine kinase, **477**
Fludarabine, Renal failure in a patient with chronic lymphocytic leukaemia treated with fludarabine, **181**
Fluorescence antibody test, Comparison of three methods for culture confirmation of *Neisseria gonorrhoeae* strains currently circulating in the UK, **919**
Fluorochrome, Leukaemia immunophenotyping: effect of antibody source and fluorochrome on antigen detection: *correspondence*, **186**
Follow up, Ten year follow up study of lymphocytic gastritis: further evidence on *Helicobacter pylori* as a cause of lymphocytic gastritis and corpus gastritis, **1111**
Free radical markers, Free radical activity in young adult cigarette smokers, **385**
Fungal infection, Iron metabolism and fungal infections in patients with haematological malignancies, **223**

G
Galactomannan, Clinical evaluation and reproducibility of the Pastorex *Aspergillus* antigen latex agglutination test for diagnosing invasive aspergillosis, **474**
Gall bladder, Papillary mucinous adenoma arising in adenomyomatous hyperplasia of the gall bladder, **965**
Gangliocytic paraganglioma, Gastrointestinal haemorrhage from a jejunal gangliocytic paraganglioma, **84**
Gastric biopsy, Effect of transport medium and transportation time on culture of *Helicobacter pylori* from gastric biopsy specimens: *correspondence*, **91**
Gastric cancer (carcinoma)
Absence of pepsinogen A3 gene expression in the gastric mucosa of patients with gastric cancer, **376**
Dieulafoy's disease associated with early gastric cancer, **267**
Neural invasion in gastric carcinoma, **137**
Tissue and serum pepsinogen I and II in gastric cancer identified using immunohistochemistry and rapid ELISA, **364**
Gastric inflammation, Improvement of gastric inflammation and resolution of epithelial damage one year after eradication of *Helicobacter pylori*, **250**
Gastric mucosa
Histological findings in gastric mucosa in patients treated with non-steroidal anti-inflammatory drugs, **553**
Identification of parietal cells in gastric body mucosa with HMFG-2 monoclonal antibody, **832**
Gastric polyposis, Gastric polyposis caused by multiple carcinoids and early carcinoma, **589**
Gastric tube ossification, Heterotopic ossification induced by hypoxia in a retrosternal gastric tube following transhiatal oesophagectomy, **177**
Gastric ulcers, Serosal reaction in chronic gastric ulcers: an immunohistochemical and ultrastructural study, **226**
Gastritis
Chemical gastritis induced by naproxen in the absence of *Helicobacter pylori* infection, **61**
Helicobacter pylori induced interleukin-8 expression in gastric epithelial cells is associated with CagA positive phenotype, **41**
Induction of interleukin-8 secretion from gastric epithelial cells by a *cagA* negative isogenic mutant of *Helicobacter pylori*, **967**
The prevalence of lymphoid follicles in *Helicobacter pylori* associated gastritis in patients with ulcers and non-ulcer dyspepsia, **325**
Gastrointestinal haemorrhage, Gastrointestinal haemorrhage from a jejunal gangliocytic paraganglioma, **84**
Gastrointestinal tract
Epstein-Barr virus associated lymphoproliferative disorder with fatal involvement of the gastrointestinal tract in an infant, **390**
Prospective audit of mucosal biopsy specimens of the gastrointestinal tract, **936**
Gel electrophoresis, Changes in transferrin saturation after treatment with the oral iron chelator deferiprone in patients with iron overload, **110**
Gene expression, Absence of pepsinogen A3 gene expression in the gastric mucosa of patients with gastric cancer, **376**
General practice, Introduction of computer assisted control of oral anticoagulation in general practice, **1144**
Genes, Apoptosis in the nervous system: new revelations: *leader*, **7**
Genitourinary tract, Pseudoangiosarcomatous carcinoma of the genitourinary tract, **1059**
Germ cell tumour, Langerhans' cell histiocytosis: possible association with malignant germ cell tumour, **963**
Glutathione S-transferase B1, Serum glutathione S-transferase B1 activity as an index of liver function in cystic fibrosis, **771**
Goblet cell carcinoid, Combined goblet cell carcinoid and mucinous cystadenoma of the appendix, **869**
Gold dental alloy, Gold granuloma after accidental implantation, **1070**
Gonadotrophin releasing hormone analogue, Degenerative changes in myometrium simulating diffuse leiomyomatosis after treatment with gonadotrophin releasing hormone analogue, **278**
Graft versus host disease
Antigenaemia during acute graft versus host disease, **105**
Immunohistochemical changes in sigmoid colon after allogeneic and autologous bone marrow transplantation, **308**
Gram stain method, Contamination of crystal violet in the Gram stain method: *correspondence*, **92**
Granuloma
Effects of treatment on the histopathology of leprosy, **304**
Granulomatous bone marrow inflammation during treatment of chronic myeloid leukaemia with interferon alpha-2b, **878**
Relation of granulomas to lymphatic vessels in Crohn's disease, **335**
Granulomatous synovitis, Histological changes associated with an artificial anterior cruciate ligament, **556**
Granulomatous vasculitis, Idiopathic granulomatous vasculitis: response to immunosuppressive therapy, **579**
Growth retardation, Relationship of blood rheology to lipoprotein profile during normal pregnancies and those with intrauterine growth retardation, **571**

H
Haematological malignancies, Iron metabolism and fungal infections in patients with haematological malignancies, **223**
Haematological neoplasms, Routine and specialised techniques in the diagnosis of haematological neoplasms: *leader*, **501**
Haemoglobin, Inaccurate haemoglobin estimation in Waldenström's macroglobulinaemia: *correspondence*, **787**
Haemoglobin H inclusion bodies, Comparison of haemoglobin H inclusion bodies with embryonic ξ globin in screening for alpha thalassaemia, **861**
Haemophilus influenzae, Avidity of specific IgG antibodies elicited by immunisation against *Haemophilus influenzae* type b, **206**
Haemopoietic malignancies, Contribution of immunophenotype in the diagnosis and classification of haemopoietic malignancies: *leader*, **194**
Hairy cell leukaemia, Diagnostic relevance of peripheral blood immunocytochemistry in hairy cell leukaemia, **955**
Hashimoto's thyroiditis, Immunohistochemical detection of p53 and Bcl-2 proteins in Hashimoto's thyroiditis and primary thyroid lymphomas, **239**
Healthcare staff, Testing healthcare staff for infection with HIV and hepatitis: logistic and ethical considerations: *leader*, **885**
Helicobacter pylori
Chemical gastritis induced by naproxen in the absence of *Helicobacter pylori* infection, **61**

Comparison of agar based media for primary isolation of *Helicobacter pylori*, **714**
Diagnosis of *Helicobacter pylori* infection by specific gastric mucosal IgA and IgG pylori antibodies, **990**
Early ultrastructural changes of antral mucosa with aspirin in the absence of *Helicobacter pylori*, **994**
Effect of transport medium and transportation time on culture of *Helicobacter pylori* from gastric biopsy specimens: *correspondence*, **91**
Failure to detect *Helicobacter pylori* in nasal mucus in *H. pylori* positive dyspeptic patients, **1072**
Helicobacter pylori induced interleukin-8 expression in gastric epithelial cells is associated with CagA positive phenotype, **41**
High prevalence of *Helicobacter pylori* in saliva demonstrated by a novel PCR assay, **662**
Histological findings in gastric mucosa in patients treated with non-steroidal anti-inflammatory drugs, **553**
Improvement of gastric inflammation and resolution of epithelial damage one year after eradication of *Helicobacter pylori*, **250**
Increased gastric production of interleukin-8 and tumour necrosis factor in patients with *Helicobacter pylori* infection, **133**
Induction of interleukin-8 secretion from gastric epithelial cells by a *cagA* negative isogenic mutant of *Helicobacter pylori*, **967**
Intragastric urea hydrolysis in children infected with *Helicobacter pylori*: *correspondence*, **187**
Lymphocytic gastritis and associated small bowel disease: a diffuse lymphocytic gastroenteropathy?, **939**
Practical single sample dry latex agglutination test for *Helicobacter pylori* antibody detection, **969**
Prevalence of lymphoid follicles in *Helicobacter pylori* associated gastritis in patients with ulcers and non-ulcer dyspepsia, **325**
Spectrotypic analysis of antibodies to *Helicobacter pylori* in patients with antral gastritis and duodenal ulcer, **1117**
Ten year follow up study of lymphocytic gastritis: further evidence on *Helicobacter pylori* as a cause of lymphocytic gastritis and corpus gastritis, **1111**

Hepatic artery lymph node, Importance of hepatic artery node involvement in patients with colorectal liver metastases, **270**

Hepatic failure, Acute hepatic and renal failure caused by *Pneumocystis carinii* in patients with AIDS, **975**

Hepatic fibrosis, Transient abnormal myelopoiesis accompanied by hepatic fibrosis in two infants with Down syndrome, **973**

Hepatic regeneration, Role of transforming growth factor beta1 on hepatic regeneration and apoptosis in liver diseases, **1093**

Hepatitis
Histological diagnosis of cytomegalovirus hepatitis in liver allografts, **351**
Testing healthcare staff for infection with HIV and hepatitis: logistic and ethical considerations: *leader*, **885**

Hepatitis B, Membrane staining for hepatitis B surface antigen on hepatocytes: a sensitive and specific marker of active viral replication in hepatitis B, **470**

Hepatitis B surface antigen, Membrane staining for hepatitis B surface antigen on hepatocytes: a sensitive and specific marker of active viral replication in hepatitis B, **470**

Hepatitis C virus
Hepatitis C virus replication in hepatocellular carcinoma, **880**
Quantitation of hepatitis C viral RNA in liver and serum samples using competitive polymerase chain reaction, **820**

Hepatocellular carcinoma
Hepatitis C virus replication in hepatocellular carcinoma, **880**
p53 expression in hepatocellular carcinoma in a population in Singapore with endemic hepatitis B virus infection, **236**

Herpes simplex virus, Comparative studies of types 1 and 2 herpes simplex virus infection of cultured normal keratinocytes, **75**

Heterotopic ossification, Heterotopic ossification induced by hypoxia in a retrosternal gastric tube following transhiatal oesophagectomy, **177**

Histogenesis, Brenner tumour of the vagina, **678**

Histology
Effects of treatment on the histopathology of leprosy, **304**
The clinical value of urinary cytology: 12 years of experience with 615 patients, **314**

Histomorphometric parameters, Histomorphometric classification of postmenopausal osteoporosis: implications for the management of osteoporosis, **229**

Histopathology
Job description of MLSOs: *correspondence*, **1074**
Public perception of histopathology: *leader*, **398**

HIV
Detection of mycobacteria in bone marrow biopsy specimens taken to investigate pyrexia of unknown origin, **706**
Differences in androgens of HIV positive patients with and without Kaposi sarcoma, **513**
Lesser known mycobacteria: *leader*, **701**
Management of blood donors whose donations are repeatedly falsely positive by the HIV antibody screening test, **865**
Retrospective determination of HIV-1 status by a PCR method on paraffin wax embedded sections, **733**
Testing healthcare staff for infection with HIV and hepatitis: logistic and ethical considerations: *leader*, **885**
Tissue diagnosis of intestinal microsporidiosis using a fluorescent stain with Uvitex 2B, **1009**

HIV screening, False negative results in enzyme linked immunosorbent assays using synthetic HIV antigens, **490**

HLA antigens, Expression of HLA-ABC, HLA-DR and intercellular adhesion molecule-1 in oesophageal carcinoma, **539**

HLA typing, HLA typing for DR3 and DR4 using artifical restriction fragment length polymorphism PCR from archival DNA, **33**

HLA-DR, Effects of treatment on the histopathology of leprosy, **304**

HMFG-2 monoclonal antibody, Identification of parietal cells in gastric body mucosa with HMFG-2 monoclonal antibody, **832**

Hodgkin's disease
Down-regulation of Epstein–Barr virus nuclear antigen 1 in Reed–Sternberg cells of Hodgkin's disease, **845**
Hodgkin's disease in a patient with common variable immunodeficiency, **871**
Immunohistochemical demonstration of different latent membrane protein-1 epitopes of Epstein–Barr virus in lymphoproliferative diseases, **438**
Transforming growth factor beta1 messenger RNA in Reed–Sternberg cells in nodular sclerosing Hodgkin's disease, **160**

HTLV-1, Use of dried blood spots for the detection and confirmation of HTLV-1 specific antibodies for epidemiological purposes, **904**

Human papillomavirus
Antibodies to human papillomavirus type 16 E7 related to clinicopathological data in patients with cervical carcinoma, **410**
Comparative analysis of human papillomavirus detection by PCR and non-isotopic in situ hybridisation, **415**
Detection of integrated human papillomavirus 16 DNA in squamous cell carcinoma of the cervix: *correspondence*, **393**
Diagnosis of genital infection caused by human papillomavirus using in situ hybridisation: the importance of the size of the biopsy specimen, **57**
HPV type 16 in conjunctival and junctional papilloma, dysplasia, and squamous cell carcinoma, **1106**
Human papillomavirus in false negative archival cervical smears: implications for screening for cervical cancer, **728**
Human papillomaviruses and cervical neoplasia. II. Interaction of HPV with other factors: *leader*, **1**
p53 in human papillomavirus associated anogenital cancers: *correspondence*, **393**
Physical state of human papillomavirus using non-isotopic in situ hybridisation: *correspondence*, **786**

Human T cell lymphotropic virus type I, Use of dried blood spots for the detection and confirmation of HTLV-1 specific antibodies for epidemiological purposes, **904**

Hypercalcaemia
Hypercalcaemia due to calcium binding IgM paraprotein in Waldenström's macroglobulinaemia, **961**
Parathyroid hormone related protein and interleukin-6 mRNA expression in larynx and renal cell carcinomas from normocalcaemic and hypercalcaemic patients, **896**

Hyperlipidaemia, Relationship of blood rheology to lipoprotein profile during normal pregnancies and those with intrauterine growth retardation, **571**

Hypobetalipoproteinaemia, Lipoprotein composition and serum Lp(a) lipoprotein in hypobetalipoproteinaemia, **587**

Hypogammaglobulinaemia, Hodgkin's disease in a patient with common variable immunodeficiency, **871**

Hyposplenism, Functional hyposplenism following allogeneic bone marrow transplantation, **257**

Hypothyroidism, Thyroid autoantibodies and the response to thyrotropin releasing hormone in patients with subclinical hypothyroidism, **463**
Hypoxia
Circulating endothelin-1 concentrations in patients with chronic hypoxia, **519**
Heterotopic ossification induced by hypoxia in a retrosternal gastric tube following transhiatal oesophagectomy, **177**
Hysterectomy, Distribution of cervical intraepithelial neoplasia: are hysterectomy specimens sampled appropriately?, **323**

I
Idiopathic pulmonary fibrosis, Endothelin-1 in idiopathic pulmonary fibrosis, **330**
IgA, Diagnosis of *Helicobacter pylori* infection by specific gastric mucosal IgA and IgG pylori antibodies, **990**
IgE, Specificity and usefulness of an IgE immunosorbent agglutination assay for toxoplasmosis, **64**
IgG, Diagnosis of *Helicobacter pylori* infection by specific gastric mucosal IgA and IgG pylori antibodies, **990**
IgG antibodies, Avidity of specific IgG antibodies elicited by immunisation against *Haemophilus influenzae* type b, **206**
IgM paraprotein, Hypercalcaemia due to calcium binding IgM paraprotein in Waldenström's macroglobulinaemia, **961**
Image analysis, Interobserver variation in cell selection for DNA image cytometry, **616**
Image handling, Computerised image handling in pathology: *leader*, **796**
Image processing, Macroscopic assessment of pulmonary emphysema by image analysis, **318**
Immunoassay, Enzyme immunoassays for IgG and IgM antibodies to *Toxoplasma gondii* based on enhanced chemiluminescence, **652**
Immunoblotting, Immunoblotting in the diagnosis of culture negative endocarditis caused by streptococci and enterococci, **1130**
Immunocompromised patients, Clinicopathologic implications of Epstein–Barr virus related B cell lymphoma in immunocompromised patients: *leader*, **287**
Immunocytochemistry
Diagnostic relevance of peripheral blood immunocytochemistry in hairy cell leukaemia, **955**
Immunocytological analysis of the Tn associated antigen 83D4 in serous effusions from patients with cancer: comparison with Tn soluble glycoprotein, **433**
Immunohistochemistry
A "quickscore" method for immunohistochemical semiquantitation: validation for oestrogen receptor in breast carcinomas, **876**
Desmin expression in rhabdomyosarcoma: influence of the desmin clone and immunohistochemical method, **535**
Detection of Ki67 antigen by a new sheep polyclonal antiserum, **1138**
Immunohistochemical study of topoisomerase II-alpha expression in primary ductal carcinoma of the breast, **147**
Immunohistochemistry in apparently normal bone marrow trephine specimens from patients with nodal follicular lymphoma, **1035**
p53 expression in hepatocellular carcinoma in a population in Singapore with endemic hepatitis B virus infection, **236**
Pseudoangiosarcomatous carcinoma of the genitourinary tract, **1059**
QBEND10 for the diagnosis of myelodysplastic syndromes in routinely processed bone marrow biopsy specimens, **291**: *correspondence*, **884**
Should superheating be used for immunohistochemistry?: *correspondence*, **883**
Immunophenotype
CD19 and immunophenotype of bone marrow plasma cells in monoclonal gammopathy of undetermined significance, **548**
Contribution of immunophenotype in the diagnosis and classification of haemopoietic malignancies: *leader*, **194**
Light scatter characteristics of blast cells in acute myeloid leukaemia: association with morphology and immunophenotype, **456**
Splenic lymphoma with circulating villous lymphocytes, **584**
Immunophenotypic analysis, Immunophenotypic analysis of childhood Burkitt's lymphoma in the West Midlands 1957–1986, **22**
Immunostaining
Immunostaining for CD31 and CD34 in Kaposi sarcoma, **1011**
Membrane staining for hepatitis B surface antigen on hepatocytes: a sensitive and specific marker of active viral replication in hepatitis B, **470**
In-house media, Enteric media: pre-poured or in-house?, **568**
In-situ end-labelling, In situ end-labelling, light microscopic assessment and ultrastructure of apoptosis in lung carcinoma, **1017**
In situ hybridisation
Diagnosis of genital infection caused by human papillomavirus using in situ hybridisation: the importance of the size of the biopsy specimen, **57**
Fatal adenovirus 32 infection in a bone marrow transplant recipient, **779**
Physical state of human papillomavirus using non-isotopic in situ hybridisation: *correspondence*, **786**
India ink, A rapid and safe method to fix India ink on specimen resection margins: *correspondence*, **689**
Infant, Perinatal and infant postmortem examinations: how well are we doing?, **998**
Infection, Immunological factors and risk of infection in plateau phase myeloma, **260**
Infectious disease, Serological testing in a microbiology laboratory of specimens from patients with suspected infectious disease, **358**
Inflammatory pseudotumour, Inflammatory pseudotumour of lymph nodes, **37**
Intercellular adhesion molecule-1, Expression of HLA-ABC, HLA-DR and intercellular adhesion molecule-1 in oesophageal carcinoma, **539**
Interferon, Granulomatous bone marrow inflammation during treatment of chronic myeloid leukaemia with interferon alpha-2b, **878**
Interferon treatment, Quantitation of hepatitis C viral RNA in liver and serum samples using competitive polymerase chain reaction, **820**
Interleukin-1, Concentration of fetal plasma and amniotic fluid interleukin-1 in pregnancies complicated by preterm prelabour amniorrhexis, **368**
Interleukin-6, Parathyroid hormone related protein and interleukin-6 mRNA expression in larynx and renal cell carcinomas from normocalcaemic and hypercalcaemic patients, **896**
Interleukin-8
Helicobacter pylori induced interleukin-8 expression in gastric epithelial cells is associated with CagA positive phenotype, **41**
Increased gastric production of interleukin-8 and tumour necrosis factor in patients with *Helicobacter pylori* infection, **133**
Induction of interleukin-8 secretion from gastric epithelial cells by a *cagA* negative isogenic mutant of *Helicobacter pylori*, **967**
Specific increase in interleukin-8 concentrations in dialysis fluid of patients with peritonitis receiving continuous ambulatory peritoneal dialysis, **115**
Interleukins, Effect of interleukins on the proliferation and survival of B cell chronic lymphocytic leukaemia cells, **482**
Intermediate filament proteins, Cimentin and cytokeratin expression in nodular hyperplasia and carcinoma of the prostate, **1031**
Intermediate filaments, Serosal reaction in chronic gastric ulcers: an immunohistochemical and ultrastructural study, **226**
Internal quality control, Internal quality assurance in a clinical virology laboratory. II. Internal quality control, **198**
International Normalised Ratio, Effect of thromboplastin and coagulometer interaction on the precision of the International Normalised Ratio, **13**
International Sensitivity Indexes (ISI), An easier alternative to orthogonal regression for calculation of International Sensitivity Indexes, **901**
Interobserver variation
Interobserver variation in cell selection for DNA image cytometry, **616**
Malignant mesothelioma of the pleura: interobserver variability, **856**
Intestinal biopsy, Intraepithelial and lamina propria leucocyte subsets in inflammatory bowel disease: an immunohistochemical study of colon and rectal biopsy specimens, **743**
Intraepithelial lymphocytes, Lymphocytic gastritis and associated small bowel disease: a diffuse lymphocytic gastroenteropathy?, **939**

Intrauterine growth retardation, Relationship of blood rheology to lipoprotein profile during normal pregnancies and those with intrauterine growth retardation, **571**
Intravascular metastatic adenocarcinoma, Recurrent thrombotic occlusions of arteries and veins caused by intravascular metastatic adenocarcinoma: *correspondence*, **186**
Invasive aspergillosis, Use of the Pastorex aspergillus antigen latex agglutination test for the diagnosis of invasive aspergillosis, **210**
Invasive thymoma, P-glycoprotein positive, drug resistant invasive lymphoepithelial thymoma: treatment response to chemotherapy with cyclosporin and quinine, **679**
Iron, Postmortem blood ferritin concentrations in sudden infant death syndrome, **763**
Iron deficiency, Frequency of coincident iron deficiency and beta-thalassaemia trait in British Asian children, **594**
Iron metabolism, Iron metabolism and fungal infections in patients with haematological malignancies, **223**
Iron overload, Changes in transferrin saturation after treatment with the oral iron chelator deferiprone in patients with iron overload, **110**
IS6110, IS6110 based amplityping assay and RFLP fingerprinting of clinical isolates of *Mycobacterium tuberculosis*, **924**
Isoprene, Origins of breath isoprene: *correspondence*, **979**

J
Jejunum, Gastrointestinal haemorrhage from a jejunal gangliocytic paraganglioma, **84**

K
K-ATPase, Identification of parietal cells in gastric body mucosa with HMFG-2 monoclonal antibody, **832**
K-*ras*, Molecular markers for diagnostic cytology of neoplasms in the head region of the pancreas: mutation of K-*ras* and overexpression of the p53 protein product, **218**
Kaposi sarcoma
Differences in androgens of HIV positive patients with and without Kaposi sarcoma, **513**
Immunostaining for CD31 and CD34 in Kaposi sarcoma, **1011**
KBA.62, Production and characterisation of an antimelanoma monoclonal antibody KBA.62 using a new melanoma cell line reactive on paraffin wax embedded sections, **826**
Keratinocytes
Comparative studies of types 1 and 2 herpes simplex virus infection of cultured normal keratinocytes, **75**
Epidermal differentiation and dermal changes in healing following treatment of surgical wounds with sheets of cultured allogeneic keratinocytes, **1087**
Keratins, Epidermal differentiation and dermal changes in healing following treatment of surgical wounds with sheets of cultured allogeneic keratinocytes, **1087**
Ki67, Circulating Ki67 positive lymphocytes in multiple myeloma and benign monoclonal gammopathy, **835**
Ki67 antigen
Detection of Ki67 antigen by a new sheep polyclonal antiserum, **1138**
Oncogene proteins and proliferation antigens in thymomas: increased expression of epidermal growth factor receptor and Ki67 antigen, **447**
Kleihauer technique, Flow cytometry in diagnosis and management of large fetomaternal haemorrhage, **1005**

L
Laboratories
Internal audit in a microbiology laboratory, **560**
Laboratory turnround time: closing the loop, **372**
Perceptions of a medical microbiology service: a survey of laboratory users, **915**
Laboratory use, Managing test demand by clinicians: computer assisted guidelines: *leader*, **98**
Langerhans' cell histiocytosis, Langerhans' cell histiocytosis: possible association with malignant germ cell tumour, **963**
Large intestine, Expression of proliferating cell nuclear antigen in hyperplastic polyps, adenomas and inflammatory cloacogenic polyps of the large intestine, **46**
Larynx carcinoma, Parathyroid hormone related protein and interleukin-6 mRNA expression in larynx and renal cell carcinomas from normocalcaemic and hypercalcaemic patients, **896**
Latent membrane protein-1, Immunohistochemical demonstration of different latent membrane protein-1 epitopes of Epstein–Barr virus in lymphoproliferative diseases, **438**
Latex agglutination, Latex agglutination for rapid detection of *Pseudomonas pseudomallei* antigen in urine of patients with melioidosis, **174**
Leiomyomatosis, Degenerative changes in myometrium simulating diffuse leiomyomatosis after treatment with gonadotrophin releasing hormone analogue, **278**
Leprosy, Effects of treatment on the histopathology of leprosy, **304**
Leucocyte subsets, Intraepithelial and lamina propria leucocyte subsets in inflammatory bowel disease: an immunohistochemical study of colon and rectal biopsy specimens, **743**
Leukaemia
Changes in cytomorphology of childhood lymphoblastic leukaemia at the time of disease relapse, **1051**
Contribution of immunophenotype in the diagnosis and classification of haemopoietic malignancies: *leader*, **194**
Diagnostic relevance of peripheral blood immunocytochemistry in hairy cell leukaemia, **955**
Effect of interleukins on the proliferation and survival of B cell chronic lymphocytic leukaemia cells, **482**
Granulomatous bone marrow inflammation during treatment of chronic myeloid leukaemia with interferon alpha-2b, **878**
Iron metabolism and fungal infections in patients with haematological malignancies, **223**
Light scatter characteristics of blast cells in acute myeloid leukaemia: association with morphology and immunophenotype, **456**
QBEND10 for the diagnosis of myelodysplastic syndromes in routinely processed bone marrow biopsy specimens, **291**: *correspondence*, **884**
Routine and specialised techniques in the diagnosis of haematological neoplasms: *leader*, **501**
The leukaemic phase of non-Hodgkin's lymphoma: *leader*, **189**
Leukaemia immunophenotyping, Leukaemia immunophenotyping: effect of antibody source and fluorochrome on antigen detection: *correspondence*, **186**
Light scatter, Light scatter characteristics of blast cells in acute myeloid leukaemia: association with morphology and immunophenotype, **456**
Lipids, Limited discriminant value of lipoprotein AI, lipoprotein Lp(a) and other lipoprotein particles in patients with and without early onset ischaemic heart disease, **70**
Lipoblast, Immunohistochemical identification of tumours of adipocytic differentiation using an antibody to aP2 protein, **950**
Lipofuscinosis, Ceroid granulomas in the female genital system, **1057**
Lipoprotein composition, Lipoprotein composition and serum Lp(a) lipoprotein in hypobetalipoproteinaemia, **587**
Lipoprotein profile, Relationship of blood rheology to lipoprotein profile during normal pregnancies and those with intrauterine growth retardation, **571**
Liposarcoma, Immunohistochemical identification of tumours of adipocytic differentiation using an antibody to aP2 protein, **950**
Lithium, Histological features of the thyroid gland in a patient with lithium induced thyrotoxicosis, **582**
Liver biopsy, Sampling variability of percutaneous liver biopsy in primary sclerosing cholangitis, **933**
Liver disease
Role of transforming growth factor beta1 on hepatic regeneration and apoptosis in liver diseases, **1093**
Serum glutathione S-transferase B1 activity as an index of liver function in cystic fibrosis, **771**
Liver metastases, Importance of hepatic artery node involvement in patients with colorectal liver metastases, **270**
Liver transplant, Histological diagnosis of cytomegalovirus hepatitis in liver allografts, **351**
Loss of heterozygosity
Atypical ductal hyperplasia of the breast: clonal proliferation with loss of heterozygosity on chromosomes 16q and 17p, **611**
Loss of heterozygosity on chromosome 11q in breast cancer, **424**
Lp(a) lipoprotein, Lipoprotein composition and serum Lp(a) lipoprotein in hypobetalipoproteinaemia, **587**
Lung cancer, Interobserver variation in cell selection for DNA image cytometry, **616**

Lung carcinoma, In situ end-labelling, light microscopic assessment and ultrastructure of apoptosis in lung carcinoma, **1017**
Lymph node
Inflammatory pseudotumour of lymph nodes, **37**
Retrospective determination of HIV-1 status by a PCR method on paraffin wax embedded sections, **733**
Lymphatic vessels, Relation of granulomas to lymphatic vessels in Crohn's disease, **335**
Lymphocyte subsets, Lymphocyte subset counts in skin puncture and venous blood compared, **1137**
Lymphocytic gastritis
Lymphocytic gastritis and associated small bowel disease: a diffuse lymphocytic gastroenteropathy?, **939**
Ten year follow up study of lymphocytic gastritis: further evidence on *Helicobacter pylori* as a cause of lymphocytic gastritis and corpus gastritis, **1111**
Lymphoepithelial carcinoma, Lymphoepithelial carcinoma of the salivary gland: in situ detection of Epstein–Barr virus, **1022**
Lymphoid follicles, The prevalence of lymphoid follicles in *Helicobacter pylori* associated gastritis in patients with ulcers and non-ulcer dyspepsia, **325**
Lymphoid tissue, p53, Rb and bcl-2 expression during the cell cycle: a study in phytohaemagglutinin stimulated lymphocytes and microwave irradiated lymphoid tissue sections, **151**
Lymphoma
Association of Epstein–Barr virus with sinonasal angiocentric T cell lymphoma, **946**
Immunohistochemical analysis of T cell proliferation in normal tonsil and B cell lymphoma, **873**
The biology of low grade MALT lymphoma: *leader*, **395**
Lymphoproliferation, Epstein–Barr virus associated lymphoproliferative disorder with fatal involvement of the gastrointestinal tract in an infant, **390**
Lymphoproliferative disorders, Routine and specialised techniques in the diagnosis of haematological neoplasms: *leader*, **501**

M
Malignant mesothelioma, Malignant mesothelioma of the pleura: interobserver variability, **856**
MALT lymphoma, Expression of the bcl-2 protein in B cell lymphomas arising from mucosa associated lymphoid tissue, **18**
Medical microbiology service, Perceptions of a medical microbiology service: a survey of laboratory users, **915**
Melanocytic naevi, Nuclear pseudoinclusions in melanocytic naevi and melanomas, **676**
Melanoma
Apoptotic and mitotic indices in malignant melanoma and basal cell carcinoma, **242**
Nuclear pseudoinclusions in melanocytic naevi and melanomas, **676**
Production and characterisation of an antimelanoma monoclonal antibody KBA.62 using a new melanoma cell line reactive on paraffin wax embedded sections, **826**
Melioidosis, Latex agglutination for rapid detection of *Pseudomonas pseudomallei* antigen in urine of patients with melioidosis, **174**
Mesenchymal tumour, Angiomyxoid tumour in the renal peripelvic tissues with features of aggressive angiomyxoma, **82**
Mesothelioma
Malignant mesothelioma of the pleura: interobserver variability, **856**
OV 632 and MOC 31 in the diagnosis of mesothelioma and adenocarcinoma: an assessment of their use in formalin fixed and paraffin wax embedded material, **626**
Metastasis, Metastatic breast carcinoma with appearance resembling micropapillary ductal carcinoma in situ, **380**
Methylation, Thiol methyltransferase activity in colonocytes and erythrocyte membranes, **641**
MHC class II antigens, Expression of MHC class II antigens by placental villi: no relationship with villitis of unknown origin, **494**
MIB-1
Immunohistochemical quantitation of oestrogen receptors and proliferative activity in oestrogen receptor positive breast cancer, **429**
Relation between stage, grade, proliferation, and expression of p53 and CD44 in adenomas and carcinomas of colorectum, **1098**
Microbe Base data, Quality assessment of Microbe Base antimicrobial susceptibility data, **1122**
Microbiology, Review of a consultant microbiologist's work practice – an audit: *leader*, **1082**
Microbiology laboratory, Serological testing in a microbiology laboratory of specimens from patients with suspected infectious disease, **358**
Microbiology techniques, Internal audit in a microbiology laboratory, **560**
Micropapillary, Metastatic breast carcinoma with appearance resembling micropapillary ductal carcinoma in situ, **380**
Microscopic thymoma, Microscopic thymoma and myasthenia gravis, **682**
Microscopy, Routine urinalysis in renal transplant patients, **383**
Microsporidia, Detection and identification of gastrointestinal microsporidia using non-invasive techniques, **725**
Microsporidiosis, Tissue diagnosis of intestinal microsporidiosis using a fluorescent stain with Uvitex 2B, **1009**
Microwave heating, Immunohistochemical staining of plastic embedded bone marrow trephine biopsy specimens after microwave heating, **840**
Mitomycin/ifosfamide/cisplatin, Lack of correlation of P-glycoprotein expression with response to MIC chemotherapy in oesophageal cancer, **1064**
Mitosis
Apoptotic and mitotic indices in malignant melanoma and basal cell carcinoma, **242**
Quantification of proliferative activity in colorectal adenomas by mitotic counts: relationship to degree of dysplasia and histological type, **620**
MLSOs, Job description of MLSOs: *correspondence*, **1074**
MOC 31, OV 632 and MOC 31 in the diagnosis of mesothelioma and adenocarcinoma: an assessment of their use in formalin fixed and paraffin wax embedded material, **626**
Molecular genetics, Molecular genetics of familial breast-ovarian cancer: *leader*, **789**
Monoclonal antibody(ies)
Comparison of three methods for culture confirmation of *Neisseria gonorrhoeae* strains currently circulating in the UK, **919**
Immunohistochemical demonstration of different latent membrane protein-1 epitopes of Epstein–Barr virus in lymphoproliferative diseases, **438**
Monoclonal gammopathy
CD19 and immunophenotype of bone marrow plasma cells in monoclonal gammopathy of undetermined significance, **548**
Plasma cell proliferation in monoclonal gammopathies: measurement using BU-1 antibody in flow cytometry and microscopy: comparison with serum thymidine kinase, **477**
Monoclonal gammopathy of undetermined significance, Circulating Ki67 positive lymphocytes in multiple myeloma and benign monoclonal gammopathy, **835**
Monoclonality, The polymerase chain reaction in the demonstration of monoclonality in T cell lymphomas, **1045**
Monocyte activation, Activated phenotype in neutrophils and monocytes from patients with primary proliferative polycythaemia, **525**
Monocyte esterase deficiency, Organophosphates and monocyte esterase deficiency, **768**: correction, **1074**
MOv18, Distribution of OV-TL 3 and MOv18 in normal and malignant ovarian tissue, **631**
Mucinous adenoma, Papillary mucinous adenoma arising in adenomyomatous hyperplasia of the gall bladder, **965**
Mucinous cystadenoma, Combined goblet cell carcinoid and mucinous cystadenoma of the appendix, **869**
Mucosa associated lymphoid tissue
Expression of the bcl-2 protein in B cell lymphomas arising from mucosa associated lymphoid tissue, **18**
The biology of low grade MALT lymphoma: *leader*, **395**
Mucosal biopsy specimens, Prospective audit of mucosal biopsy specimens of the gastrointestinal tract, **936**
Multidrug resistance
Lack of correlation of P-glycoprotein expression with response to MIC chemotherapy in oesophageal cancer, **1064**
P-glycoprotein positive, drug resistant invasive lymphoepithelial thymoma: treatment response to chemotherapy with cyclosporin and quinine, **679**
Multiple myeloma
CD19 and immunophenotype of bone marrow plasma cells in monoclonal gammopathy of undetermined significance, **548**

Circulating Ki67 positive lymphocytes in multiple myeloma and benign monoclonal gammopathy, **835**
Muscular dystrophies, Recent advances in muscular dystrophies and myopathies: *leader*, **597**
Myasthenia gravis
Microscopic thymoma and myasthenia gravis, **682**
Oncogene proteins and proliferation antigens in thymomas: increased expression of epidermal growth factor receptor and Ki67 antigen, **447**
Mycobacteria
Commercially available versus home produced egg media for isolation of mycobacteria, **564**
Detection of mycobacteria in bone marrow biopsy specimens taken to investigate pyrexia of unknown origin, **706**
Lesser known mycobacteria: *leader*, **701**
Multiplex PCR for identifying mycobacterial isolates, **203**
Mycobacterium tuberculosis
IS6110 based amplityping assay and RFLP fingerprinting of clinical isolates of *Mycobacterium tuberculosis*, **924**
Routine application of the polymerase chain reaction for detection of *Mycobacterium tuberculosis* in clinical samples, **810**
Myelodysplasia, QBEND10 for the diagnosis of myelodysplastic syndromes in routinely processed bone marrow biopsy specimens, **291**: *correspondence*, **884**
Myelodysplastic syndromes, Routine and specialised techniques in the diagnosis of haematological neoplasms: *leader*, **501**
Myelofibrosis
Osteolytic bone lesions in a patient with idiopathic myelofibrosis and bronchial carcinoma, **867**
Transient abnormal myelopoiesis accompanied by hepatic fibrosis in two infants with Down syndrome, **973**
Myeloma, Immunological factors and risk of infection in plateau phase myeloma, **260**
Myeloproliferative disorders, Routine and specialised techniques in the diagnosis of haematological neoplasms: *leader*, **501**
Myocardial infarction, Biochemical assessment of acute myocardial ischaemia, **124**
Myoepithelial carcinoma, Malignant myoepithelioma (myoepithelial carcinoma) of the breast: a detailed cytokeratin study, **164**
Myopathies, Recent advances in muscular dystrophies and myopathies: *leader*, **597**
Myxomas, S100, alpha-smooth muscle actin and cytokeratin 19 immunohistochemistry in odontogenic and soft tissue myxomas, **759**

N

Naproxen, Chemical gastritis induced by naproxen in the absence of *Helicobacter pylori* infection, **61**
Nasal mucus, Failure to detect *Helicobacter pylori* in nasal mucus in *H. pylori* positive dyspeptic patients, **1072**
Neck movement, A necropsy and histomorphometric study of abnormalities in the course of the vertebral artery associated with ossified stylohyoid ligaments, **637**
Necrobiotic granulomas
Necrobiotic granulomas of the urogenital system: *correspondence*, **185, 690**
Necropsy
Can histopathologists diagnose bronchopneumonia?, **120**
Cytodiagnosis and the necropsy, **443**
Have declining clinical necropsy rates reduced the contribution of necropsy to medical research?, **402**
Perinatal and infant postmortem examinations: how well are we doing?, **998**
Public perceptions of necropsy: *leader*, **497**
Needle biopsy, Macroscopic examination of prostatic specimens: *leader*, **693**
Neisseria gonorrhoeae
Acute gonococcal arthritis: an unusual host and pathogen combination, **86**
Comparison of three methods for culture confirmation of *Neisseria gonorrhoeae* strains currently circulating in the UK, **919**
Duplex PCR system for simultaneous detection of *Neisseria gonorrhoeae* and *Chlamydia trachomatis* in clinical specimens, **101**
Value of screening for oro-pharyngeal *Chlamydia trachomatis* infection, **658**
Neomycin blood agar, Neomycin blood agar as a selective medium for vancomycin resistant *Enterococcus faecium*, **1068**
Neoplastic disease, Organophosphates and monocyte esterase deficiency, **768**: correction, **1074**
Nervous system, Apoptosis in the nervous system: new revelations: *leader*, **7**
Neural invasion, Neural invasion in gastric carcinoma, **137**
Neutropenia, *Corynebacterium aquaticum* septicaemia in a neutropenic patient, **971**
Neutrophil activation, Activated phenotype in neutrophils and monocytes from patients with primary proliferative polycythaemia, **525**
Neutrophil cytoplasmic antigens, Detection of autoantibodies to neutrophil cytoplasmic antigens: *correspondence*, **785**
Nodal follicular lymphoma, Immunohistochemistry in apparently normal bone marrow trephine specimens from patients with nodal follicular lymphoma, **1035**
Nodular hyperplasia, Cimentin and cytokeratin expression in nodular hyperplasia and carcinoma of the prostate, **1031**
Non-Hodgkin's lymphoma
Longstanding proliferation of CD3 negative large granular lymphocytes preceding the development of high grade non-Hodgkin's lymphoma, **672**
The leukaemic phase of non-Hodgkin's lymphoma: *leader*, **189**
Non-insulin dependendent diabetes mellitus, Rapid and safe determination of human apolipoprotein E genotypes by miniaturised SDS-PAGE in non-insulin dependent diabetes mellitus, **295**
Non-isotopic in situ hybridisation, Comparative analysis of human papillomavirus detection by PCR and non-isotopic in situ hybridisation, **415**
Non-neoplastic glandular structures, Non-neoplastic glandular structures in bone marrow: a technical artefact, **1141**
Non-steroidal anti-inflammatory drugs, Histological findings in gastric mucosa in patients treated with non-steroidal anti-inflammatory drugs, **553**
Non-ulcer dyspepsia, The prevalence of lymphoid follicles in *Helicobacter pylori* associated gastritis in patients with ulcers and non-ulcer dyspepsia, **325**
Northern blotting, Chromogranin positive cells in colorectal carcinoma and transitional mucosa, **754**
Notices, 94, 187, 282, 394, 496, 596, 692, 788, 884, 980, 1074

O

Observer reliability, Observer reliability in assessing placental maturity by histology, **420**
Odontogenic myxoma, S100, alpha-smooth muscle actin and cytokeratin 19 immunohistochemistry in odontogenic and soft tissue myxomas, **759**
Oesophageal carcinoma
Expression of HLA-ABC, HLA-DR and intercellular adhesion molecule-1 in oesophageal carcinoma, **539**
Lack of correlation of P-glycoprotein expression with response to MIC chemotherapy in oesophageal cancer, **1064**
Oesophageal neoplasma, p53 protein accumulation in oesophageal squamous cell carcinomas and precancerous lesions, **531**
Oesophagus, Heterotopic ossification induced by hypoxia in a retrosternal gastric tube following transhiatal oesophagectomy, **177**
Oestrogen receptor
A "quickscore" method for immunohistochemical semiquantitation: validation for oestrogen receptor in breast carcinomas, **876**
Immunohistochemical quantitation of oestrogen receptors and proliferative activity in oestrogen receptor positive breast cancer, **429**
Oncogene expression, Apocrine adenosis: a precursor of aggressive breast cancer?, **737**
Oncogenes, Oncogene proteins and proliferation antigens in thymomas: increased expression of epidermal growth factor receptor and Ki67 antigen, **447**
Oncology centre, Audit of tumour histopathology reviewed by a regional oncology centre, **245**
Oral anticoagulant therapy, An easier alternative to orthogonal regression for calculation of International Sensitivity Indexes, **901**
Oral mucosa, Gold granuloma after accidental implantation, **1070**
Organophosphates, Organophosphates and monocyte esterase deficiency, **768**: correction, **1074**

Oro-genital contact, Value of screening for oro-pharyngeal *Chlamydia trachomatis* infection, **658**
Orthogonal regression, An easier alternative to orthogonal regression for calculation of International Sensitivity Indexes, **901**
Orthostatic hypotension, Orthostatic hypotension and vasodilatory peptides in bronchial carcinoma, **1102**
Ossified stylohyoid ligaments, A necropsy and histomorphometric study of abnormalities in the course of the vertebral artery associated with ossified stylohyoid ligaments, **637**
Osteolytic lesions, Osteolytic bone lesions in a patient with idiopathic myelofibrosis and bronchial carcinoma, **867**
Osteoporosis, Histomorphometric classification of postmenopausal osteoporosis: implications for the management of osteoporosis, **229**
Out-of-hours service, Do blood cultures need continuous monitoring so that clinical action can be taken outside normal working hours?, **1067**
OV 632, OV 632 and MOC 31 in the diagnosis of mesothelioma and adenocarcinoma: an assessment of their use in formalin fixed and paraffin wax embedded material, **626**
OV-TL 3, Distribution of OV-TL 3 and MOv18 in normal and malignant ovarian tissue, **631**
Ovarian carcinoma, Distribution of OV-TL 3 and MOv18 in normal and malignant ovarian tissue, **631**

P

p53
Immunohistochemical detection of p53 and Bcl-2 proteins in Hashimoto's thyroiditis and primary thyroid lymphomas, **239**
Molecular markers for diagnostic cytology of neoplasms in the head region of the pancreas: mutation of K-*ras* and overexpression of the p53 protein product, **218**
p53, Rb and bcl-2 expression during the cell cycle: a study in phytohaemagglutinin stimulated lymphocytes and microwave irradiated lymphoid tissue sections, **151**
p53 expression in hepatocellular carcinoma in a population in Singapore with endemic hepatitis B virus infection, **236**
p53 in human papillomavirus associated anogenital cancers: *correspondence*, **393**
p53 protein accumulation in oesophageal squamous cell carcinomas and precancerous lesions, **531**
Relation between stage, grade, proliferation, and expression of p53 and CD44 in adenomas and carcinomas of colorectum, **1098**
P-glycoprotein
Lack of correlation of P-glycoprotein expression with response to MIC chemotherapy in oesophageal cancer, **1064**
P-glycoprotein positive, drug resistant invasive lymphoepithelial thymoma: treatment response to chemotherapy with cyclosporin and quinine, **679**
Paget's disease, Paget's disease of the breast: *correspondence*, **393**
Pancreatic cancer, Molecular markers for diagnostic cytology of neoplasms in the head region of the pancreas: mutation of K-*ras* and overexpression of the p53 protein product, **218**
Papillary microcarcinoma of the thyroid, Occult papillary microcarcinoma of the thyroid: a potential pitfall of fine needle aspiration cytology? Is it possible to avoid it?: *correspondence*, **185**
Papilloma, HPV type 16 in conjunctival and junctional papilloma, dysplasia, and squamous cell carcinoma, **1106**
Paraffin wax sections
Production and characterisation of an antimelanoma monoclonal antibody KBA.62 using a new melanoma cell line reactive on paraffin wax embedded sections, **826**
Retrospective determination of HIV-1 status by a PCR method on paraffin wax embedded sections, **733**
Parathyroid hormone related protein
Parathyroid hormone related protein and interleukin-6 mRNA expression in larynx and renal cell carcinomas from normocalcaemic and hypercalcaemic patients, **896**
Parathyroid hormone related protein in oral squamous cell carcinomas invading the mandible, **300**
Parietal cells, Identification of parietal cells in gastric body mucosa with HMFG-2 monoclonal antibody, **832**
Parvovirus B19, Anticomplementary activity in serum samples from patients with acute parvovirus B19 infection, **493**
Pasteurella multocida, Waterhouse-Friderichsen syndrome complicating primary biliary sepsis due to *Pasteurella multocida* in a patient with cirrhosis, **775**
Pastorex *Aspergillus* antigen test, Clinical evaluation and reproducibility of the Pastorex *Aspergillus* antigen latex agglutination test for diagnosing invasive aspergillosis, **474**
Pattern recognition, Volatile organic compounds in the breath of patients with schizophrenia, **466**
Pelvic recurrence, Influence of local peritoneal involvement on pelvic recurrence and prognosis in rectal cancer, **849**
Pepsinogen, Absence of pepsinogen A3 gene expression in the gastric mucosa of patients with gastric cancer, **376**
Pepsinogen I and II, Tissue and serum pepsinogen I and II in gastric cancer identified using immunohistochemistry and rapid ELISA, **364**
Pericardial fluid, Biochemical assessment of acute myocardial ischaemia, **124**
Perinatal, Perinatal and infant postmortem examinations: how well are we doing?, **998**
Peritoneal dialysis, Specific increase in interleukin-8 concentrations in dialysis fluid of patients with peritonitis receiving continuous ambulatory peritoneal dialysis, **115**
Peritoneal involvement, Influence of local peritoneal involvement on pelvic recurrence and prognosis in rectal cancer, **849**
Peritonitis, Specific increase in interleukin-8 concentrations in dialysis fluid of patients with peritonitis receiving continuous ambulatory peritoneal dialysis, **115**
Pharmacists, Evaluation of anticoagulant control in a pharmacist operated anticoagulant clinic, **545**
Placental maturity, Observer reliability in assessing placental maturity by histology, **420**
Placental pathology, Expression of MHC class II antigens by placental villi: no relationship with villitis of unknown origin, **494**
Plastic embedding, Immunohistochemical staining of plastic embedded bone marrow trephine biopsy specimens after microwave heating, **840**
Plateau phase myeloma, Immunological factors and risk of infection in plateau phase myeloma, **260**
Pleura, Malignant mesothelioma of the pleura: interobserver variability, **856**
Pneumocystis carinii, Acute hepatic and renal failure caused by *Pneumocystis carinii* in patients with AIDS, **975**
***Pneumocystis carinii* pneumonia**, Routine diagnosis of *Pneumocystis carinii* pneumonia: *correspondence*, **91**
Polyarthralgia, Microbiological investigation of polyarthralgia, **777**
Polymerase chain reaction
Absence of pepsinogen A3 gene expression in the gastric mucosa of patients with gastric cancer, **376**
Chlamydia trachomatis and ectopic pregnancy: retrospective analysis of salpingectomy specimens, endometrial biopsies, and cervical smears, **815**
Comparative analysis of human papillomavirus detection by PCR and non-isotopic in situ hybridisation, **415**
Detection of cytomegalovirus using PCR in serum from renal transplant recipients, **575**
Hepatitis C virus replication in hepatocellular carcinoma, **880**
High prevalence of *Helicobacter pylori* in saliva demonstrated by a novel PCR assay, **662**
Human papillomavirus in false negative archival cervical smears: implications for screening for cervical cancer, **728**
IS6110 based amplityping assay and RFLP fingerprinting of clinical isolates of *Mycobacterium tuberculosis*, **924**
Management of blood donors whose donations are repeatedly falsely positive by the HIV antibody screening test, **865**
Molecular markers for diagnostic cytology of neoplasms in the head region of the pancreas: mutation of K-*ras* and overexpression of the p53 protein product, **218**
Mulitplex PCR for identifying mycobacterial isolates, **203**
Quantitation of hepatitis C viral RNA in liver and serum samples using competitive polymerase chain reaction, **820**
Retrospective determination of HIV-1 status by a PCR method on paraffin wax embedded sections, **733**
Routine application of the polymerase chain reaction for detection of *Mycobacterium tuberculosis* in clinical samples, **810**
The polymerase chain reaction in the demonstration of monoclonality in T cell lymphomas, **1045**
Value of screening for oro-pharyngeal *Chlamydia trachomatis* infection, **658**
Polyps, Expression of proliferating cell nuclear antigen in hyperplastic polyps, adenomas and inflammatory cloacogenic polyps of the large intestine, **46**

Post-mortem, Public perceptions of necropsy: *leader*, **497**
Post-transplant lymphoproliferative disease, Tissue polypeptide specific antigen for the detection of lymphoproliferative diseases induced by cyclosporin, **1039**
Pregnancy, Specificity and usefulness of an IgE immunosorbent agglutination assay for toxoplasmosis, **64**
Prenatal diagnosis, Screening criteria for beta thalassaemia trait in pregnant women, **1054**
Preterm prelabour amniorrhexis, Concentration of fetal plasma and amniotic fluid interleukin-1 in pregnancies complicated by preterm prelabour amniorrhexis, **368**
Primary polycythaemia, Activated phenotype in neutrophils and monocytes from patients with primary proliferative polycythaemia, **525**
Primary sclerosing cholangitis, Sampling variability of percutaneous liver biopsy in primary sclerosing cholangitis, **933**
Procollagen type 1, Enhanced expression of type 1 procollagen and transforming growth factor-beta in tuberculin induced delayed type hypersensitivity, **339**
Proctocolectomy, Effect of proctocolectomy on serum antineutrophil cytoplasmic antibodies in patients with chronic ulcerative colitis, **645**
Prognosis, Prognostic factors in primary breast carcinoma: *leader*, **981**
Proliferating cell nuclear antigen, Expression of proliferating cell nuclear antigen in hyperplastic polyps, adenomas and inflammatory cloacogenic polyps of the large intestine, **46**
Proliferation
- Atypical ductal hyperplasia of the breast: clonal proliferation with loss of heterozygosity on chromosomes 16q and 17p, **611**
- Effect of interleukins on the proliferation and survival of B cell chronic lymphocytic leukaemia cells, **482**
- Immunohistochemical analysis of T cell proliferation in normal tonsil and B cell lymphoma, **873**
- Longstanding proliferation of CD3 negative large granular lymphocytes preceding the development of high grade non-Hodgkin's lymphoma, **672**
- Quantification of proliferative activity in colorectal adenomas by mitotic counts: relationship to degree of dysplasia and histological type, **620**

Proliferative activity, Immunohistochemical quantitation of oestrogen receptors and proliferative activity in oestrogen receptor positive breast cancer, **429**
Prostate
- Cimentin and cytokeratin expression in nodular hyperplasia and carcinoma of the prostate, **1031**
- Macroscopic examination of prostatic specimens: *leader*, **693**

Prosthetic cruciate ligament, Histological changes associated with an artificial anterior cruciate ligament, **556**
Protein S, Acquired protein S deficiency in a patient with systemic lupus erythematosus causing central retinal vein thrombosis, **387**
Pseudoangiosarcomatous carcinoma, Pseudoangiosarcomatous carcinoma of the genitourinary tract, **1059**
Pseudoclusters of infection, "Pseudoclusters" and typing by random amplification of polymorphic DNA of *Aspergillus fumigatus*, **183**
Pseudoinclusions, Nuclear pseudoinclusions in melanocytic naevi and melanomas, **676**
Pseudomonas fluorescens, Rate of growth of *Pseudomonas fluorescens* in donated blood, **717**
Pseudomonas pseudomallei, Latex agglutination for rapid detection of *Pseudomonas pseudomallei* antigen in urine of patients with melioidosis, **174**
Pulmonary emphysema, Macroscopic assessment of pulmonary emphysema by image analysis, **318**
Pulmonary thromboembolism, Seasonal variation in the necropsy incidence of pulmonary thromboembolism: *correspondence*, **883**
Pyrexia of unknown origin, Detection of mycobacteria in bone marrow biopsy specimens taken to investigate pyrexia of unknown origin, **706**

Q

QBEND10, QBEND10 for the diagnosis of myelodysplastic syndromes in routinely processed bone marrow biopsy specimens, **291**: *correspondence*, **884**
Quality assessment, Internal quality assurance in a clinical virology laboratory. I. Internal quality assessment, **168**
Quality assurance
- Composition of cervical smears in patients with and without a cervical ectropion, **408**
- Internal audit in a microbiology laboratory, **560**
- Internal quality assurance in a clinical virology laboratory. I. Internal quality assessment, **168**
- Internal quality assurance in a clinical virology laboratory. II. Internal quality control, **198**

Quality control, Role of re-screening of cervical smears in internal quality control, **1002**
Quality microbiology service, Perceptions of a medical microbiology service: a survey of laboratory users, **915**
Quant, A proposed SI unit for number: *correspondence*, **187**
Quantification, Simple method for quantifying viable bacterial numbers in sputum, **719**
Quickscore, A "quickscore" method for immunohistochemical semiquantitation: validation for oestrogen receptor in breast carcinomas, **876**

R

RAPD typing, "Pseudoclusters" and typing by random amplification of polymorphic DNA of *Aspergillus fumigatus*, **183**
Rb, p53, Rb and bcl-2 expression during the cell cycle: a study in phytohaemagglutinin stimulated lymphocytes and microwave irradiated lymphoid tissue sections, **151**
Re-screening, Role of re-screening of cervical smears in internal quality control, **1002**
Rectal cancer, Influence of local peritoneal involvement on pelvic recurrence and prognosis in rectal cancer, **849**
Red cell pits, Functional hyposplenism following allogeneic bone marrow transplantation, **257**
Reed–Sternberg cells
- Down-regulation of Epstein–Barr virus nuclear antigen 1 in Reed–Sternberg cells of Hodgkin's disease, **845**
- Transforming growth factor beta1 messenger RNA in Reed–Sternberg cells in nodular sclerosing Hodgkin's disease, **160**

Regional oncology centre, Audit of tumour pathology reviewed by a regional oncology centre: *correspondence*, **690**
Renal cell carcinoma, Parathyroid hormone related protein and interleukin-6 mRNA expression in larynx and renal cell carcinomas from normocalcaemic and hypercalcaemic patients, **896**
Renal failure
- Acute hepatic and renal failure caused by *Pneumocystis carinii* in patients with AIDS, **975**
- Renal failure in a patient with chronic lymphocytic leukaemia treated with fludarabine, **181**

Renal peripelvis, Angiomyxoid tumour in the renal peripelvic tissues with features of aggressive angiomyxoma, **82**
Renal transplant, Detection of cytomegalovirus using PCR in serum from renal transplant recipients, **575**
Renal transplant screening, Routine urinalysis in renal transplant patients, **383**
Replication, Hepatitis C virus replication in hepatocellular carcinoma, **880**
Research, Have declining clinical necropsy rates reduced the contribution of necropsy to medical research?, **402**
Respiratory disease, Circulating endothelin-1 concentrations in patients with chronic hypoxia, **519**
Retropubic prostatectomy, Macroscopic examination of prostatic specimens: *leader*, **693**
RFLP analysis, IS6110 based amplityping assay and RFLP fingerprinting of clinical isolates of *Mycobacterium tuberculosis*, **924**
Rhabdomyosarcoma, Desmin expression in rhabdomyosarcoma: influence of the desmin clone and immunohistochemical method, **535**
Risk factors, Immunological factors and risk of infection in plateau phase myeloma, **260**

S

Saccular aneurysms, Subarachnoid haemorrhage and myths about saccular aneurysms: *leader*, **1078**
Saliva, High prevalence of *Helicobacter pylori* in saliva demonstrated by a novel PCR assay, **662**
Salivary gland, Lymphoepithelial carcinoma of the salivary gland: in situ detection of Epstein–Barr virus, **1022**
Sampling variability, Sampling variability of percutaneous liver biopsy in primary sclerosing cholangitis, **933**
Saudi Arabia, Variation in serum electrolytes and enzyme concentrations in patients with sickle cell disease, **648**

Schizophrenia, Volatile organic compounds in the breath of patients with schizophrenia, **466**
Screening
Human papillomavirus in false negative archival cervical smears: implications for screening for cervical cancer, **728**
Multifactorial audit of invasive cervical cancer: key lessons for the National Screening Programme, **405**: *correspondence*, **785**
Role of re-screening of cervical smears in internal quality control, **1002**
SDS-PAGE, Rapid and safe determination of human apolipoprotein E genotypes by miniaturised SDS-PAGE in non-insulin dependent diabetes mellitus, **295**
Seasonal variation
Seasonal variation in the necropsy incidence of pulmonary thromboembolism: *correspondence*, **883**
Seasonal variation in the necropsy incidence of pulmonary thromboembolism in Hong Kong, **578**
Semiautomated analysis, Evaluation of the API-Campy System in the biochemical identification of hippurate negative campylobacter strains isolated from faeces, **683**
Septicaemia, *Corynebacterium aquaticum* septicaemia in a neutropenic patient, **971**
Serodiagnosis, Immunoblotting in the diagnosis of culture negative endocarditis caused by streptococci and enterococci, **1130**
Serological markers, Serological markers to differentiate between ulcerative colitis and Crohn's disease, **346**
Serological testing, Serological testing in a microbiology laboratory of specimens from patients with suspected infectious disease, **358**
Serosa, Serosal reaction in chronic gastric ulcers: an immunohistochemical and ultrastructural study, **226**
SI unit, A proposed SI unit for number: *correspondence*, **187**
Sickle cell disease, Variation in serum electrolytes and enzyme concentrations in patients with sickle cell disease, **648**
Sigmoid colon, Immunohistochemical changes in sigmoid colon after allogeneic and autologous bone marrow transplantation, **308**
Signet-ring cell lymphoma, B cell signet-ring cell lymphoma of bone marrow, **275**
Simultaneous detection, Duplex PCR system for simultaneous detection of *Neisseria gonorrhoeae* and *Chlamydia trachomatis* in clinical specimens, **101**
Sinonasal lymphomas, Association of Epstein-Barr virus with sinonasal angiocentric T cell lymphoma, **946**
Skin puncture blood, Lymphocyte subset counts in skin puncture and venous blood compared, **1137**
Slice radiography, Specimen slice radiography of cancer in breast conserving excisions, **1028**
Small intestinal permeability, Lymphocytic gastritis and associated small bowel disease: a diffuse lymphocytic gastroenteropathy?, **939**
Smoking, Free radical activity in young adult cigarette smokers, **385**
Smooth muscle actin, S100, alpha-smooth muscle actin and cytokeratin 19 immunohistochemistry in odontogenic and soft tissue myxomas, **759**
Specimen resection margins, A rapid and safe method to fix India ink on specimen resection margins: *correspondence*, **689**
Splenic lymphoma, Splenic lymphoma with circulating villous lymphocytes, **584**
Sputum, Simple method for quantifying viable bacterial numbers in sputum, **719**
Squamous cell carcinoma
Detection of integrated human papillomavirus 16 DNA in squamous cell carcinoma of the cervix: *correspondence*, **393**
HPV type 16 in conjunctival and junctional papilloma, dysplasia, and squamous cell carcinoma, **1106**
p53 protein accumulation in oesophageal squamous cell carcinomas and precancerous lesions, **531**
Parathyroid hormone related protein and interleukin-6 mRNA expression in larynx and renal cell carcinomas from normocalcaemic and hypercalcaemic patients, **896**
Parathyroid hormone related protein in oral squamous cell carcinomas invading the mandible, **300**
Staphylococci, Lethal synergy between toxins of staphylococci and enterobacteria: implications for sudden infant death syndrome, **929**
Steroid hormone receptors, Steroid hormone receptors and their clinical significance in cancer: *leader*, **890**
Streptococcus pneumoniae, Detection of C-polysaccharide in serum of patients with *Streptococcus pneumoniae* bacteraemia, **803**
Stromal sarcoma, Uterine stromal sarcoma following tamoxifen treatment: *correspondence*, **596**
Subarachnoid haemorrhage, Subarachnoid haemorrhage and myths about saccular aneurysms: *leader*, **1078**
Sudden death, Sudden death from coronary artery dissection, **781**
Sudden infant death syndrome
Lethal synergy between toxins of staphylococci and enterobacteria: implications for sudden infant death syndrome, **929**
Postmortem blood ferritin concentrations in sudden infant death syndrome, **763**
Superheating, Should superheating be used for immunohistochemistry?: *correspondence*, **883**
Survey, Perceptions of a medical microbiology service: a survey of laboratory users, **915**
Synergy, Lethal synergy between toxins of staphylococci and enterobacteria: implications for sudden infant death syndrome, **929**
Synthetic HIV antigens, False negative results in enzyme linked immunosorbent assays using synthetic HIV antigens, **490**
Systemic lupus erythematosus, Acquired protein S deficiency in a patient with systemic lupus erythematosus causing central retinal vein thrombosis, **387**

T
T cell, Immunohistochemical analysis of T cell proliferation in normal tonsil and B cell lymphoma, **873**
T cell lymphoma, The polymerase chain reaction in the demonstration of monoclonality in T cell lymphomas, **1045**
T cell receptor beta and gamma, The polymerase chain reaction in the demonstration of monoclonality in T cell lymphomas, **1045**
Tachyzoite antigen, Serological reactivity against cyst and tachyzoite antigens of *Toxoplasma gondii* determined by FAST-ELISA, **908**
Tamoxifen, Uterine stromal sarcoma following tamoxifen treatment: *correspondence*, **596**
Targeting, Distribution of OV-TL 3 and MOv18 in normal and malignant ovarian tissue, **631**
Technicon H.2 counter, Screening criteria for beta thalassaemia trait in pregnant women, **1054**
Test demand, Managing test demand by clinicians: computer assisted guidelines: *leader*, **98**
Testicular vasculitis, Isolated testicular vasculitis mimicking a testicular neoplasm: *correspondence*, **496**
Testing regimes, Testing healthcare staff for infection with HIV and hepatitis: logistic and ethical considerations: *leader*, **885**
Thalassaemia
Comparison of haemoglobin H inclusion bodies with embryonic ξ globin in screening for alpha thalassaemia, **861**
Frequency of coincident iron deficiency and beta-thalassaemia trait in British Asian children, **594**
Thalassaemia trait, Screening criteria for beta thalassaemia trait in pregnant women, **1054**
Thiol methyltransferase, Thiol methyltransferase activity in colonocytes and erythrocyte membranes, **641**
Thromboembolism, Seasonal variation in the necropsy incidence of pulmonary thromboembolism in Hong Kong, **578**
Thromboplastin, Effect of thromboplastin and coagulometer interaction on the precision of the International Normalised Ratio, **13**
Thrombotic occlusions, Recurrent thrombotic occlusions of arteries and veins caused by intravascular metastatic adenocarcinoma: *correspondence*, **186**
Thymidine kinase, Plasma cell proliferation in monoclonal gammopathies: measurement using BU-1 antibody in flow cytometry and microscopy: comparison with serum thymidine kinase, **477**
Thymoma, Oncogene proteins and proliferation antigens in thymomas: increased expression of epidermal growth factor receptor and Ki67 antigen, **447**
Thyroid histology, Histological features of the thyroid gland in a patient with lithium induced thyrotoxicosis, **582**
Thyroid lymphomas, Immunohistochemical detection of p53 and Bcl-2 proteins in Hashimoto's thyroiditis and primary thyroid lymphomas, **239**

Thyroid stimulating hormone, Thyroid autoantibodies and the response to thyrotropin releasing hormone in patients with subclinical hypothyroidism, **463**
Thyrotoxicosis, Histological features of the thyroid gland in a patient with lithium induced thyrotoxicosis, **582**
Thyrotropin releasing hormone, Thyroid autoantibodies and the response to thyrotropin releasing hormone in patients with subclinical hypothyroidism, **463**
Tissue polypeptide specific antigen, Tissue polypeptide specific antigen for the detection of lymphoproliferative diseases induced by cyclosporin, **1039**
Tissue processing, Distribution of cervical intraepithelial neoplasia: are hysterectomy specimens sampled appropriately?, **323**
Tn associated antigen, Immunocytological analysis of the Tn associated antigen 83D4 in serous effusions from patients with cancer: comparison with Tn soluble glycoprotein, **433**
Topoisomerase II-alpha, Immunohistochemical study of topoisomerase II-alpha expression in primary ductal carcinoma of the breast, **147**
Toxins, Lethal synergy between toxins of staphylococci and enterobacteria: implications for sudden infant death syndrome, **929**
Toxoplasma antibodies, Enzyme immunoassays for IgG and IgM antibodies to *Toxoplasma gondii* based on enhanced chemiluminescence, **652**
Toxoplasma gondii, Serological reactivity against cyst and tachyzoite antigens of *Toxoplasma gondii* determined by FAST-ELISA, **908**
Toxoplasma specific IgA, The value of Toxoplasma specific IgA in diagnosis: *correspondence*, **689**
Toxoplasmosis, Specificity and usefulness of an IgE immunosorbent agglutination assay for toxoplasmosis, **64**
Transferrin, Changes in transferrin saturation after treatment with the oral iron chelator deferiprone in patients with iron overload, **110**
Transforming growth factor-beta, Enhanced expression of type 1 procollagen and transforming growth factor-beta in tuberculin induced delayed type hypersensitivity, **339**
Transforming growth factor beta1
Role of transforming growth factor beta1 on hepatic regeneration and apoptosis in liver diseases, **1093**
Transforming growth factor beta1 messenger RNA in Reed–Sternberg cells in nodular sclerosing Hodgkin's disease, **160**
Transient abnormal myelopoiesis, Transient abnormal myelopoiesis accompanied by hepatic fibrosis in two infants with Down syndrome, **973**
Transplantation, Detection of cytomegalovirus using PCR in serum from renal transplant recipients, **575**
Transport medium, Effect of transport medium and transportation time on culture of *Helicobacter pylori* from gastric biopsy specimens: *correspondence*, **91**
Transurethral prostatectomy, Macroscopic examination of prostatic specimens: *leader*, **693**
Tuberculin, Enhanced expression of type 1 procollagen and transforming growth factor-beta in tuberculin induced delayed type hypersensitivity, **339**
Tuberculosis, Lesser known mycobacteria: *leader*, **701**
Tumour histopathology, Audit of tumour histopathology reviewed by a regional oncology centre, **245**
Tumour necrosis factor, Increased gastric production of interleukin-8 and tumour necrosis factor in patients with *Helicobacter pylori* infection, **133**
Tumour pathology, Audit of tumour pathology reviewed by a regional oncology centre: *correspondence*, **690**

U
Ulcerative colitis
Effect of proctocolectomy on serum antineutrophil cytoplasmic antibodies in patients with chronic ulcerative colitis, **645**
Histological discrimination of idiopathic inflammatory bowel disease from other types of colitis, **749**
Intraepithelial and lamina propria leucocyte subsets in inflammatory bowel disease: an immunohistochemical study of colon and rectal biopsy specimens, **743**
Serological markers to differentiate between ulcerative colitis and Crohn's disease, **346**
Urea hydrolysis, Intragastric urea hydrolysis in children infected with *Helicobacter pylori*: *correspondence*, **187**
Urinalysis, Routine urinalysis in renal transplant patients, **383**
Urinary tract infection, Evaluation of the Cult-Dip Plus dip slide method for urinary tract infection, **710**
Urogenital system, Necrobiotic granulomas of the urogenital system: *correspondence*, **690**
Urothelial cancer, The clinical value of urinary cytology: 12 years of experience with 615 patients, **314**
Uterine stromal sarcoma, Uterine stromal sarcoma following tamoxifen treatment: *correspondence*, **596**
Uteroplacental ischaemia, Observer reliability in assessing placental maturity by histology, **420**
Uvitex 2B, Tissue diagnosis of intestinal microsporidiosis using a fluorescent stain with Uvitex 2B, **1009**

V
Vagina, Brenner tumour of the vagina, **678**
Vancomycin, Systemic absorption of vancomycin: *correspondence*, **689**
Vancomycin resistance, Neomycin blood agar as a selective medium for vancomycin resistant *Enterococcus faecium*, **1068**
Variation, Pathologist variation in reporting cervical borderline epithelial abnormalities and cervical intraepithelial neoplasia, **59**
Vascular anomaly, An unusual case of colonic angiodysplasia, **272**
Vasculitis
Formalin fixation and patterns of antineutrophil cytoplasmic antibodies, **89**
Isolated testicular vasculitis mimicking a testicular neoplasm: *correspondence*, **496**
Vasodilators, Orthostatic hypotension and vasodilatory peptides in bronchial carcinoma, **1102**
Vertebral artery, A necropsy and histomorphometric study of abnormalities in the course of the vertebral artery associated with ossified stylohyoid ligaments, **637**
Villitis of unknown aetiology, Expression of MHC class II antigens by placental villi: no relationship with villitis of unknown origin, **494**
Villous lymphocytes, Splenic lymphoma with circulating villous lymphocytes, **584**
Vimentin, Cimentin and cytokeratin expression in nodular hyperplasia and carcinoma of the prostate, **1031**
Virology, Internal quality assurance in a clinical virology laboratory. II. Internal quality control, **198**
Visceral giant cell arteritis, Idiopathic granulomatous vasculitis: response to immunosuppressive therapy, **579**
Volatile organic compounds, Origins of breath isoprene: *correspondence*, **979**
Vulva, Pseudoangiosarcomatous carcinoma of the genitourinary tract, **1059**

W
Waldenström's macroglobulinaemia
Hypercalcaemia due to calcium binding IgM paraprotein in Waldenström's macroglobulinaemia, **961**
Inaccurate haemoglobin estimation in Waldenström's macroglobulinaemia: *correspondence*, **787**
Waldeyer's ring lymphomas, Association of Epstein-Barr virus with sinonasal angiocentric T cell lymphoma, **946**
Waterhouse-Friderichsen syndrome, Waterhouse-Friderichsen syndrome complicating primary biliary sepsis due to *Pasteurella multocida* in a patient with cirrhosis, **775**
Western blotting, Chromogranin positive cells in colorectal carcinoma and transitional mucosa, **754**
Wound healing, Epidermal differentiation and dermal changes in healing following treatment of surgical wounds with sheets of cultured allogeneic keratinocytes, **1087**

X
ξ chains, Comparison of haemoglobin H inclusion bodies with embryonic ξ globin in screening for alpha thalassaemia, **861**

Y
Yeasts, Evaluation of the AUXACOLOR system, a new method of clinical yeast identification, **807**
Young adults, Free radical activity in young adult cigarette smokers, **385**
